

Congress Gives Okay To Nixon Campus Plans

WASHINGTON (AP) — President Nixon's request for authority to send the FBI onto campuses hit by bombings and arson is getting prompt and favorable action in Congress.

Rep. Emanuel Celler, D-N.Y., chairman of the House Judiciary Committee, said the provision would be added to an omnibus crime bill on which the panel is putting finishing touches.

Request Outlined

Nixon outlined his request Tuesday to Republican congressional leaders at a White House conference attended by Atty. Gen. John N. Mitchell and FBI

Director J. Edgar Hoover. In addition to seeking expanded federal authority to intervene in campus bombings, Nixon wants the FBI's strength boosted from 7,000 to 8,000 men to help bombing investigations and also to deal with airplane hijacking. The extra agents would cost \$23 million a year.

Plan Announced

The administration's latest move to meet the bomb threat was announced by GOP leaders Rep. Gerald R. Ford of Michigan and Sen. Hugh Scott of Pennsylvania after the White House meeting.

The use of the two Republican leaders to announce Nixon's request aroused the wrath of Celler, who has been driving his committee long and hard in the past two weeks to get out a big crime bill Nixon has accused him of blocking.

Cellar Perturbed

"Why not communicate directly with the chairman instead of going only through Republicans?" asked Celler. "That's a hell of a way to get something out of a committee."

The administration sees law and order as a top issue in the coming congressional elections and would like to keep a GOP stand on any tough antibomb legislation. The omnibus crime bill already includes an administration-backed provision calling for the death penalty for anyone convicted of a fatal bombing.

Cellar's agreement to go along with Nixon's request despite his unhappiness at the way he received it indicates the strength of the law-and-order issue in Congress.

BULLETIN

WASHINGTON (AP) — The United States is on the point of deciding whether to send chartered civilian aircraft to Amman in the immediate future to evacuate possibly 200 American citizens from war-torn Jordan.

Informed sources reported that the decision is imminent—indicating it would be reached by some time Thursday.

U. S. citizens in Jordan, including wives of Jordanians, total around 400. Nine Americans flew from Amman to Beirut, Lebanon, today on an International Red Cross charter plane.

High Court Warned On War's Legality

WASHINGTON (AP) — A Supreme Court inquiry into the legality of the Vietnam war would hamstring President Nixon, insult Congress and embarrass the United States internationally, the administration has contended.

Justice Department lawyers Tuesday warned bluntly the court might have to set up its own military affairs office, supervise a troop withdrawal and deal on the diplomatic front with North Vietnam should it accept the state of Massachusetts' argument and declare U.S. participation unconstitutional.

Solicitor Gen. Erwin N. Griswold, and William D. Ruckelshaus, an assistant attorney general, told the justices in a brief that Congress, through its appropriations and in other ways has already substantially endorsed the involvement of American fighting men in the Vietnam war.

The government's brief said not all wars require a congressional declaration and a search for authority for the Vietnam war is beyond judicial supervision.

Massachusetts' plea for a high court judgment was filed in July under a state law designed to force a test of the law's constitutionality.

In advising the court to turn the effort down, Griswold and his justice Department associates said "the president should not be hemmed in by the prospect of the judicial supervision" over the exercise of his responsibilities.

As for Congress, they said any inquiry into its motives or participation in the war effort "would involve an impermissible judicial affront to the dignity of Congress."

Sending Yanks Abroad Without War, Nothing New

WASHINGTON (AP) — Officials cite more than 125 instances throughout U. S. history in which the President sent armed forces abroad without a declaration of war or a congressional authorization.

The cases, dating back to the early years of the republic, range from the undeclared war against France in 1798-1800 to the incursion into Cambodia last April.

Among instances in recent years are the dispatch of U. S. troops to Lebanon in 1958, to Thailand in 1962, the airlift rescue of foreigners from the Congo in 1964 and the landing of U. S. forces in the Dominican Republic in 1965.

LT. GEN. ALBERT O. CONNOR, commanding general of the U. S. Third Army, ponders a newsman's question after he testified before a military court at Fort McPherson, Ga., to answer defense contentions that he and other military officials have prejudged the cases of 10 soldiers charged in the alleged massacre at My Lai. Gen. Connor refused to comment on his testimony before the court. (AP Wirephoto)

Red Cross Seen As POW Helper

WASHINGTON (AP) — Pointing to its success in the Mideast, former astronaut Frank Borman says the International Red Cross is a "very hopeful" third party to work on behalf of Americans held prisoner in Vietnam.

Borman, who recently returned as an emissary for President Nixon to a dozen countries on the POW issue, gave his assessment to a joint meeting of Congress Tuesday.

"I can tell you that we found a vast amount of sympathy around the world," he said. "I can tell you that the North Vietnamese will receive new and additional entreaties from many of the countries that we visited, and I can tell you that I found, particularly in the International Red Cross, a very hopeful, I think, agency for dealing with a third party for the prisoners in Vietnam."

Borman said even in the tension-racked Mideast, the agency has been very successful in the humanitarian aspects of dealing with prisoners. He acknowledged, however, that the situation was different in North Vietnam because representatives of the agency have not been permitted into the country.

"I strongly urge that the peace groups within this country, if they are really interested in the majority of our prisoners, urge their contacts in North Vietnam to begin dealing with the International Red Cross, which is the proper and recognized authority for this purpose," Borman said.

His remark brought spontaneous applause from members of the House and Senate plus the public galleries, filled with spectators including about 80 wives and members of prisoners' families.

Searchers Fail To Find Trace Of Balloonists

NEW YORK (AP) — The Coast Guard today added seven aircraft to the search force combing choppy seas off Newfoundland for three adventurers who disappeared Monday while trying to cross the Atlantic in a balloon.

No trace of the three—two men and a woman—was found Tuesday when seven planes and three cutters took part in the search. Searchlights were used to continue the operation through the night.

The Coast Guard Search and Rescue Center here said the augmented force of 14 planes and three cutters would cover an area of a little over 50,000 square miles today.

Aboard the 80-foot-high balloon, named "the free life" were Malcolm Brighton, 32, a British aeronautical engineer and professional balloonist, and Rodney Anderson, 32-year-old New York commodity broker and his wife Pamela, 28.

The craft apparently went down in a heavy rainstorm off St. John's, Nfld., some time after its last radio message was received at 7:05 p.m. Monday.

The balloon's gondola, made of buoyant material, is "unsinkable," according to its builder, Mark Semich of Coeur d'Alene, Idaho. He said it was made of tubular aluminum, polyurethane foam and fiberglass.

Cease-Fire Endorsed At Summit In Cairo

Living Costs Climb Again; Hike Slender

WASHINGTON (AP) — Living costs rose two-tenths of one per cent in August for the smallest monthly rise in 20 months, the government reported today.

The report, by the Labor Department, was good news for President Nixon and his economists who have been insisting their economic policies were beginning to slow the nation's worst inflation in 20 years.

"This was the smallest month-to-month change since December 1968," said the Bureau of Labor Statistics.

It pushed the government's Consumer Price Index to 136.0. The figure means that it took \$13.60 last month for every \$10 worth of typical family purchases in the 1957-59 period on which the index is based.

The August increase put the index 5.7 per cent above a year earlier. Inflation had been running at about a 6 per cent annual rate most of last year and this year.

The bureau also reported that the average weekly pay check for approximately 45 million rank and file workers rose 70 cents to \$122.15 in August, and thus after adjustments for price increases, purchasing power was up 3 cents for the month. However, the purchasing power of the average pay check was still nearly one per cent below a year ago.

Heat Causing Power Crisis

By The Associated Press

Excessive heat and humidity brought electrical power cutbacks throughout five Middle Atlantic states and the District of Columbia today as a power crisis continued for a second day on the Eastern Seaboard.

With temperatures again expected to soar into the 90's, the giant Consolidated Edison Co. in New York made three voltage cuts in quick succession, reaching an 8 per cent cutback by 9:25 a.m., when the thermometer rose into the 80's.

Eight per cent is the largest cutback possible without likely damage to electrical equipment. It was also the first time the maximum cut had been made so early in the day—even in the daily crises of July and August.

The Penn.-Jersey-Maryland power interconnection announced 5 per cent voltage cuts affecting New Jersey, Pennsylvania, Maryland, Delaware, Virginia and the District of Columbia.

Con Edison said today's early and drastic action came because of generator problems in the Penn-Jersey-Maryland grid, which deprived New York of power it might have borrowed from other utilities in the grid.

Con Ed said it was committed to supply 60,000 kilowatts to the P-J-M grid, power Con Ed would otherwise have pulled in from the state pool for New York City's own uses.

PARATROOPERS of the 82nd Airborne Division tie down a case of 105mm ammunition on a jump platform in Fort Bragg, N. C. In foreground are cases of "C" rations. 105mm howitzer which are being loaded on a platform. The 82nd is on alert for possible movement to the Middle East. (AP Wirephoto)

Fires In California Worst In 47 Years

BERKELEY, Calif. (AP) —

Dozens of homes lay in ashes in the exclusive Berkeley Hills area today from the worst of a rash of fires that erupted up and down hot, dry California.

Officials would not estimate the damage here but said it was the worst East Bay fire since 1923, when a major blaze caused a \$10 million property loss.

Fire officials reported 37 homes destroyed and 12 damaged Tuesday as flames roared over more than 200 acres east of the University of California.

\$40,000 Home Burns

In West Los Angeles, a \$40,000 hillside home was destroyed and several others threatened for a time by a wind-whipped brush fire in winding Beverly Glen Canyon.

Other fires burned brush and trees across the state.

The Berkeley fire began as a blaze in some grass on the east side of a ridge behind the city.

Within eight minutes it was roaring over Grizzly Peak Boulevard and licking down into heavily wooded canyons, destroying exclusive homes nestled among the trees and burning

ing out the cable to radio station KPFA-FM, putting it off the air.

Some residents saved their homes with garden hoses as the flames, licking through accumulations of pine needles and eucalyptus leaves, were fanned by gusty winds.

Other homeowners were evacuated by firemen converging on the tinder-dry area from nearby communities. So were 400 children from two elementary schools.

Some 300 regular firemen fought the sprawling, leaping blazes, which took six hours to bring under control.

Arson Possible

Oakland fire officials said there was some possibility of arson, since there had been two earlier fires in the area.

In Los Angeles, more than 150 fire fighters, aided by four helicopters, contained a blaze after it burned for three hours across about 50 acres of steep terrain.

Two firemen were seriously burned when their truck caught fire en route to the blaze.

In Riverside County, about 300 men from the U.S. Forest Service and California Division of Forestry battled a fire in heavy brush in Bedford Canyon, about five miles southwest of Corona.

By Tuesday night, the flames had charred between 400 and 500 acres, a spokesman said. No structures were threatened and no injuries were reported.

In San Diego County, a 140-acre brush fire burned out of control in Wildcat Canyon, 30 miles east of San Diego.

Weather

ESCANABA AND VICINITY:

Partly cloudy today, highs in lower 60s. Mostly cloudy tonight with lows near 40. Cloudy with chance of showers Thursday, high between 55 and 60. Escanaba's high Tuesday was 70 with a low reading of 47 recorded overnight. Winds westerly 8 to 12 m.p.h. today becoming east to southeast 5 to 10 m.p.h. tonight and southeasterly 10 to 15 m.p.h. Thursday. Probabilities of precipitation: 5 per cent today, 20 per cent tonight and 30 per cent Thursday. Sun sets at 6:45 and rises Thursday at 6:37.

Hussein Says Rebel Leaders Okay Terms

BEIRUT, Lebanon (AP) — King Hussein announced a new cease-fire in Jordan in an address over Amman Radio today.

Hussein said a delegation representing the heads of Arab states meeting in Cairo endorsed the four-term agreement he concluded with captured guerrilla leaders.

BEIRUT, Lebanon (AP) — Jordanian troops supported by artillery and warplanes launched a drive in northern Jordan today and drove invaders from Syria out of the country, Amman radio said.

A communique from Jordan's military governor, Field Marshal Habis Majali, said the Syrian withdrawal began at noon "and by 2:15 p.m. the last Syrian soldier left Jordanian soil."

He said Jordanian forces were in complete control of Irbid, the country's second largest city 50 miles north of Amman, and Aamtha, 10 miles east of Irbid.

If true, this would lessen the possibility of U.S. intervention. It was the invasion from Syria on Sunday that touched off talk that the Americans might intervene.

King Hussein of Jordan said in Amman Tuesday "I do not expect military intervention at this time" and that his force had command of the situation.

As fierce fighting went into its seventh day in Amman, the Jordanian capital, Hussein and the captured No. 2 man of the guerrilla movement announced a four-point agreement to end the conflict.

The Central Committee of the Palestine resistance movement, however, rejected the plan. It announced in a broadcast from Iraq that it would fight to the last man.

King Hussein was on record as saying that an attempt to destroy Jordan had been foiled. A delayed dispatch from Amman quoted him to this effect, and expressing confidence "the brunt of the problem was over in Amman" although guerrillas still held strongpoints.

Hussein declared the Jordan army had given a bloody nose to forces from Syria.

Observers in Israel reported the retreat of the forces from Syria. But they were uncertain whether the forces were moving back to Syria, whence they came Sunday.

The roar of gunfire sounded through Amman during the night and throughout the morning, with most of the firing in the Jebel Weibdeh residential district.

Force Behind Policy-Making Little-Known

WASHINGTON (AP) — A major force behind the making of U.S. policy in the current Jordanian turmoil is a little-known government panel designed to develop answers for such crises before they erupt.

The name: the Washington Special Action Group, known in the bureaucracy as "WSAG."

It was designed to be a crisis-anticipating body — one that in ideal circumstances would protect President Nixon against international surprises.

For all its announced purposes of looking far into the future for possible trouble spots, WSAG has been preoccupied with present trouble much of the time since its creation.

Ever since Palestinian guerrillas hijacked three airliners and forced them and their passengers on the Jordanian desert, WSAG has been in the forefront of White House handling of that and later more ominous developments.

Members of the once-secret group include Deputy Secretary of Defense David Packard, Undersecretary of State U. Alexis Johnson, director Richard Helms of the Central Intelligence Agency and Admiral Thomas Moorer, chairman of the Joint Chiefs of Staff.

ROD ANDERSON, left, his wife, actress Pamela Brown, and Malcolm Brighton, right, of Farnham, England, were preparing for their ill-fated balloon trip from New York to France when this picture was taken last week. The trio of balloonists are believed down in the North Atlantic about 500 miles southeast of St. John's Newfoundland. The U. S. Coast Guard and Canadian Air Force have joined in the search but have found no trace of the three today. (AP Wirephoto)

Today's Chuckle

A great many open minds should be closed for repairs.

Firm's Report Says Ice Arena 'Feasible'

A professional fund-raising firm retained by the Community Indoor Ice Arena Corp., to examine the feasibility of financing a new indoor ice facility in the area reported Tuesday night that "a successful capital appeal can be launched for the Community Indoor Ice Arena."

Francis P. Havey, president of Havey Fund-Raising Management, Inc., Milwaukee, made the report at a meeting of the Board of Directors of the Ice Arena corporation.

He said a "minimum" of \$250,000 to \$300,000 can be raised in a well-conducted program and reported "there is a solid basis of support both in terms of leadership and in terms of dollars."

Study Feasibility

The firm, the same firm that conducted the successful Boy Scout camp fund-raising effort for the Hiawathaland Council several years ago, was retained for a \$1,000 fee by the Ice Arena Board of Directors last June "to conduct a survey and report its results" on the "feasibility of construction and operation of an indoor ice arena and other related indoor recreation facilities as would be compatible with such area, such as a pool and convention center."

Havey said Robert Brown, the firm's executive vice president, spent five days in Delta County in July interviewing 41 community leaders and gathering data about the proposed project. According to the report, responses to the proposed project were generally favorable.

Planning Needed

He said, however, that "it is apparent that much remains to be done with respect to the realistic planning for the project," including a total financing plan, building design and site selection.

He also said that while the firm takes an optimistic view of the "overall potential" of a local campaign, that the relatively small number of potential industrial givers indicates that substantial support — like that generated in the Ice Arena telethon last spring — from the "little people" will be needed.

If a way can be found to tap State Recreation Bond funds "this could brighten the picture considerably."

"With acquisition of a significant state appropriation, we feel that the total monies that could be made available for this

project could exceed \$500,000."

Cooperation Explored

Members of the Ice Arena board said, however, that the state monies would not be available to the corporation, but are allocated to governmental units. They said the possibility of cooperating with local government on the project is being explored.

Havey recommended a "program of service" by his firm beginning with a two-month preliminary phase Oct. 12. The formal fund-raising under his proposal would begin Jan. 4.

There was no immediate action on the proposal by the Board.

Ted Graim of Escanaba,

Senate Passes Air Pollution Control Bill

WASHINGTON (AP) — With no dissenting votes, the Senate has passed restrictive air pollution control legislation that could mean radical change or death for the internal combustion engine.

The bill, which could have a profound eventual impact on the American economy and life style now faces a severe challenge from a House-Senate conference called to forge one new law from two sharply differing bills.

The House earlier passed a bill considered weaker than the Senate version written by the air and water pollution subcommittee of Sen. Edmund S. Muskie, D-Maine.

The House resisted efforts earlier this year to clamp curbs on noxious emissions of the automobile, branded by Muskie a "pollution monster."

The Senate bill, passed 73-0, is keyed solely to steps needed to protect the public health. It sets a series of deadlines over a five year period in which national air quality standards would be set and enforced.

And it specifically authorizes stern enforcement tools: Criminal penalties of up to two years in jail and \$50,000 fines, the banning of autos in the central cities, authority to close factories emitting hazardous substances after the deadline, and a requirement that all new facilities with the potential to foul the atmosphere be constructed with the latest pollution-control devices.

By far the most controversial section of the Senate bill was that dealing with automobiles.

The bill orders auto manufacturers to begin mass production of cars emitting 90 per cent less pollutants than at present by no later than Jan. 1, 1975.

Failure to comply could result in the closings of production lines.

president of the non-profit corporation, said additional information is needed on the possibility of a tie-in with the state recreation bond funds.

Agreement Needed

Over \$131,000 is available to local units of government in Delta County under the \$3.83 per capita formula, but before that sum could be made available for a community ice arena or ice arena-swimming pool-convention center complex all of the local units would have to agree that this is the best use of the money and top priority for it would be needed in the county's overall recreation planning.

Community Indoor Ice Arena, Inc., raised some \$18,000 in cash and pledges last spring with a community telethon over American Cablevision. About \$17,000 is invested in U. S. Treasury Bonds.

Success of the telethon is an indication of the community pride which exists in the area and in the solid interest in skating, Havey reported. This is a "most positive" factor in favor of a successful campaign.

Infant Son Of Richard Brunets Taken By Death

David John Brunet, four-month-old son of Mr. and Mrs. Richard B. Brunet, 1615 4th Ave. S., died Monday at the Mott Children's Hospital in Ann Arbor. He was born May 14, in Escanaba.

Also surviving are two sisters, Charlene and Carmen, both at home; his paternal grandparents, Mr. and Mrs. Clare Brunet of Escanaba and his maternal grandmother, Mrs. Mary Hogan of Marquette.

Graveside services will be conducted at 10 a. m., Thursday at Lakeview Cemetery with the Rev. Fabian Gerstle officiating. Arrangements were made by Anderson Funeral Home.

Bake Sale

Sacred Heart Altar Society is sponsoring a bake sale Saturday and Sunday, Sept. 26 and 27 after all Masses. Ladies of the church are to bring their baked goods to the church hall before Mass.

Mass Change

Sunday, Oct. 4, Masses at Sacred Heart Church will be held at 8:30 and 10:30 a. m. and will continue at this time for the fall and winter season.

Briefs

The severe electric storm and high winds downed an antenna across the high power lines at the Bob Moraski home Monday morning. Electric power was off for over an hour.

Weekend guests at the Thomas LaFleur home were Mr. and Mrs. Joseph Jacobs of Appleton, Mrs. LaFleur left today for Rochester, Minn. where she will be a patient at the Methodist Hospital there.

Mrs. Pearl Sunburg has returned to her home in West Bend after spending three weeks with the Thomas and Joseph LaFleur families.

Mr. and Mrs. Ed Taylor and Mr. and Mrs. Eli Taylor visited with the Bert Dumas family in Lena, Wis. Sunday.

Mrs. Alex Soboleski left Monday for Chicago with her sons and daughters-in-law, who were here for the weekend.

A SPECIAL WELCOME MEETING will be held at the Salvation Army Friday at 7:30 p. m. for Brigadier and Mrs. Earl Stubbs, the new divisional leaders for Wisconsin and Upper Michigan. Capt. Lee Hickam, divisional youth leader, will accompany Brigadier and Mrs. Stubbs to Escanaba. Special music and singing will be included in the program, as well as talks by Brigadier Stubbs and his wife. The public is invited to attend this meeting.

Candy Sale Will Aid Kidney Fund

The Upper Peninsula Kidney Foundation is ready to begin its annual sale of the familiar Halloween plastic hand puppet bags of assorted candy to help finance its program of assistance to kidney disease patients.

Between now and Halloween on Oct. 31, members and friends of the Kidney Foundation will sell the "puppet bags" of candy, with proceeds used solely to supply free steroid drugs for persons suffering from kidney disease, said Mrs. George Embs, candy sale chairman.

"Escanaba is fortunate to have one of the Michigan Drugs Banks located here," she added.

A special meeting of the U. P. Kidney Foundation last night heard a report from Miss Phyllis Carly, Ann Arbor, administrator of Patient Services for the Michigan Kidney Foundation.

Miss Carly visited the artificial kidney unit at Crystal Falls while in the U. P., and the group was made aware of the many services and aids available to kidney disease patients throughout Michigan.

Mrs. Embs in announcing the start of the Halloween candy sale said individuals, organizations and groups planning parties now or during the holiday season are urged to order

Speech Problems Program Added To Adult School

The Escanaba Area Community School program has added a course entitled Parental Management of Speech Problems to its Adult Enrichment Curriculum.

This course will be beneficial for all parents and essential for parents of children with known speech problems, said Director Robert Koski.

Subject matter to be covered in the course includes the recognition and handling of speech problems in children before these problems become serious, and the methods for understanding and helping children with deficiencies already detected.

The course will begin at 7:30 Tuesday evening, Sept. 29, and will thereafter meet every Tuesday for 10 weeks. The cost will be \$4 and interested adults should register with the Community School Office, 786-4659, by Friday, Sept. 25.

Area Chamber Of Commerce Elects Wertz President

Don Wertz is president of the Escanaba Area Chamber of Commerce, elected at an organization meeting of the Board of Directors Monday afternoon at the Chamber building.

Other officers are Gary H. Barton, vice president, and H. H. Dubbelde treasurer.

Wertz is on the Board of Directors and is secretary-treasurer of Clairmont Transfer Co., and Northern Motor Rebuilders, Incorporated.

A native of Sioux City, Iowa, Wertz has been a resident of Escanaba since 1947. He is a graduate of Morningside College, Sioux City, where he received a BA degree in Business Administration in 1943. He attended Marquette University Graduate School in 1946 and 1947. He served in the U. S. Air Force from 1943-45 and saw service in the Southwest Pacific as a B-25 Pilot.

He was employed in the welder plant of Harnischfeger Corp., in Escanaba from 1947 to 1951; was assistant to John J. Bartella at the Delta Hardware Co. and Morley-Murphy Co., from 1951 to 1955 and was in the life insurance business from 1955 to 1959.

Wertz joined the Norton family interests when he became associated with Clairmont Transfer Co., and Northern Motor Rebuilders, Inc., on Nov. 30, 1959.

He is a member of the First United Presbyterian Church, a member and past president of the Escanaba Kiwanis Club and is a past chairman of the Delta County Chapter of the American Red Cross.

Mrs. Wertz is the former Mary Jane Richter. They have three children, Jane, 21, a senior at Carroll College, Waukesha; Sally, 17, a senior at the Escanaba Area High School; and Bill, 12, in the 7th grade at the Escanaba Junior High School.

Florida Vacation 'Winners' Tired Of Sales Pitch

Walter G. Lewke, manager of the Escanaba Area Chamber of Commerce today directed public attention to a bulletin of the National Better Business Bureau reporting that tie-ins with real estate developers will have to be revealed to holders of "free vacation" certificates redeemable in Florida.

A new Florida state law requires promoters of "contests" offering vacations in Florida to tell "winners" whether they will have to listen to a spiel by a real estate developer as part of the price of the "free" vacation.

Nothing about the vacation available with the certificate is free. Even the certificate costs money, usually a \$15 "registration fee," and is good only for several days' room rent at a motel cooperating in the promotion.

The law was passed in response to complaints by certificate holders who were not told until they arrived in Florida that they were expected to spend a day viewing subdivision sites in the company of a salesman.

Wives Organize 'Fire Belles' To Aid Fire Victims

Wives of Escanaba fire fighters, meeting Tuesday evening at the Michigan Consolidated Gas Co. hospitality room, formed an organization which will come to the assistance of persons who are fire victims.

Sixteen women attended the initial meeting and voted to call the group the "Fire Belles" with their aim that of helping people of the community who have suffered a fire in their home, had their property damaged, and assist needy families.

Next meeting will be at the hospitality room at 7:30 p. m. Oct. 29.

Mr. and Mrs. Jack Eblil of Big Rapids visited Mrs. Esther Bonifas recently.

William Milliken of Kansas is a house guest of Mr. and Mrs. Gust Soderberg.

"Thanks, boss, I'm sure glad you fixed me up with a loan from WYLIE LOANS"

Officials Rap Local Handling Of Food Stamps

WASHINGTON (AP) — Government food stamp officials say local welfare procedures are so bad in some areas printed cards authorizing purchases of the valuable coupons lie around openly for anyone to steal.

In some cases, say Agriculture Department sources, local food stamp workers have certified ineligible or fictitious low-income families with intentions of pocketing profits from bootlegged stamps.

Illegal or sloppy procedures have become so prevalent that the Nixon administration has served notice on state and local agencies to shape up or risk losing one of the country's best known antipoverty programs.

Agriculture Secretary Clifford M. Hardin warned of the crackdown Monday night at the Southern Governors' Conference in Biloxi, Miss.

"We have come upon widespread evidence of weak, careless and sometimes fraudulent administration," Hardin said.

"This is a situation that cannot and will not be tolerated."

James E. Springfield, head of USDA Food stamp operations, said Tuesday a number of cases are under investigation, some by local authorities, others by grand juries and all by the department in one way or another.

Thus far, Springfield told a reporter, the department has no plans to withdraw food stamps from any specific communities.

Hardin did not name any state or community in his Biloxi speech. Department sources said, however, that operations in Chicago, Philadelphia and San Antonio, Texas, are on the check list.

The food stamp program, developed as an antipoverty weapon since the early 1960s, has grown rapidly since the Nixon administration took office.

Trenary

The Senior Citizens Club of Skandia, Chatham, Eben, and Trenary met Monday at 1 p. m. at the West Branch Hall in Skandia with 26 members attending.

Ina Liubakka, Minnie Specker, June Edgerton, Jennie Hill, Mary Fortin, Audrey Wright, Dora Bebo and Ann Jempainen, attended the recent White House Conference on Aging held at Ishpeming.

Members were told to prepare craft articles for display at the Community Development Crafts Cooperative in Marquette on Nov. 15.

After the business meeting games were enjoyed. The guest award was presented to Margaret Johnson. The next meeting will be held Oct. 19 at the Trenary Townhall.

Goals Outlined For Delta Public Works

Delta County's Department of Public Works and how it is employed in solving problems of water supply, sewage, and garbage disposal for cities and townships was reported to the Rotary Club in Escanaba Tuesday noon.

The speakers were Henry Wylie, member of the County Board of Public Works, and Francis D'Amour, superintendent of Escanaba's water and wastewater department.

The meeting was conducted by the Rev. Philip J. Lyon, club president. Student guests introduced by W. J. Lavolette were Steve Juettin and Tom Ness of Holy Name High School.

Delta County's Department of Public Works was established earlier this year under state statute by the County Board of Commissioners. It has seven members, including James Stewart, Gladstone, Delta County Drain Commissioner.

Stewart's place on the County Public Works Board came under question in a discussion period following the program, when it was pointed out that Delta County does not pay a drain commissioner nor budget for his office.

"He is Delta County's elected drain commissioner whether the county knows it or not," said Wylie. "The law says he must be a member of the Public Works Board."

In the discussion it was pointed out by a relator that each land plat in the county must be attested to by a county drain commissioner and that "you must have the signature of a drain commissioner on a plat — if for nothing else."

The Board of Public Works is currently processing the financing of the City of Escanaba water and sanitary sewage system improvement. The program is in three phases and is being carried forward with assistance of state and federal grants as part of the national goals for control of pollution.

Available To All

The work will be placed under contract, financing will include bonds issued with the full faith and credit of the county and city behind them, and it is anticipated the bonds will find a better market with lower interest costs.

"It is estimated that the total cost of Escanaba's water and sewage improvements will

be about \$6 million," said Wylie. "Slightly over half of this amount will be in the form of federal and state grants and slightly less than 50 per cent or less than \$3 million will be financed by Delta County contract bonds."

Most downstate counties have functioning public works departments, said Wylie.

Lawmakers To Meet In U. P.

A series of eight meetings between members of the Upper Peninsula Legislative Council, comprising all seven lawmakers representing districts in the Upper Peninsula, and local government leaders has been scheduled for cities in the area within the next two weeks.

The meetings are designed to give Upper Peninsula governmental leaders an opportunity to discuss their problems and legislation needed to help spur the economy of communities north of the Straits of Mackinac.

Legislators on the council include Senator Joseph S. Mack of Ironwood, chairman; Representative Charles Varnum of Manistiquette, vice chairman; Senator Thomas F. Schweigert of Petoskey; Representative Russell Hellman of Dollar Bay; Representative Dominic Jacobetti of Negaunee; Representative John Payant of Kingsford; and Representative Robert Davis of St. Ignace.

Council members met recently in Lansing on problems involving the Upper Peninsula and decided to hold the series of meetings and consolidate the suggestions that result from the conferences.

The schedule:

Sept. 28, Bessemer courthouse; Sept. 29, Superior National Bank in Hancock; Sept. 30, Holiday Inn at Marquette; Oct. 1, Crystal Falls Township Hall; Oct. 5, Menominee City Hall; Oct. 6, Bonifas Civic Center in Escanaba; Oct. 7, Munising Courthouse; and Oct. 8, City-County Building at Sault Ste. Marie.

All meetings are scheduled to begin at 2 p. m.

"Facilities of the Delta County Board of Public Works are available to all municipalities and townships in the county and I am sure that I can speak for all other members of the committee when I say that we will be very happy to give all the help we can to assist them in financing water, sewage and garbage disposal problems for any unit of government in the county."

At Lowest Cost

The Board met Monday night and "we learned that we will soon receive a request from the City of Gladstone for an engineering study for a county-wide system of garbage collection and disposal," Wylie reported.

"All of our work is, of course, subject to final approval by the Delta County Board of Commissioners."

D'Amour commented on projects functioning under the Public Works statute and its advantages and noted:

"The great flexibility in financing projects permits the best possible combination at lowest cost for each project."

The only foreseeable disadvantage would be the possible building up of a large and expensive bureau, but this is unlikely since its budget is controlled at the county level and dependent on county appropriations.

Escanaba, for instance, pays for the processing of its project, as would another unit sponsoring a project. There is no need of a director of public works for the county.

D'Amour in response to a question said that water and sewer improvement projects to meet state and federal standards have a Dec. 31, 1970, deadline. Cities throughout the Great Lakes basin are now engaged in projects to bring their water and wastewater systems into line, he concluded.

Obituary

LOTTIE LEQUIA

Funeral services for Lottie Lequia were held at 9 a. m. today at St. Anne's Church with the Rev. Louis Cappon officiating. Burial was in Holy Cross Cemetery. Pallbearers were Leif Olson, Ray and Wally Klug, Gary Bordeau, George Labre and William Charlebois.

JAMES BRICKLEY, Republican candidate for lieutenant governor, talked with area Republican candidates this morning at the House of Representatives. The group included, from left, Barbara Nebel, Brampton, candidate for the county charter commission; Brickley; Joan Martin, Gladstone, candidate for the charter commission; Ellis Movalson, Gladstone, candidate for county supervisor, and Rep. Charles Varnum, Manistiquette, candidate for reelection as state representative. (Daily Press Photo)

Brickley Suggests U.P. Needs Special Assistance

If the City of Detroit is going to be given special treatment because of problems caused by population density, perhaps the Upper Peninsula also should be given special treatment because of population sparsity.

That was the comment this morning of James H. Brickley of Detroit, candidate for lieutenant governor on the Republican ticket, at a breakfast of GOP leaders from Delta County at the House of Representatives.

Brickley, 41-year-old former U. S. Attorney who was tapped by Gov. William Milliken as his running mate, said he has spent a good part of his life dealing with problems in Detroit caused by population density.

Greets Employees

On this trip to the Upper Peninsula, he said, the problems of population sparsity represent the "other side of the coin."

The problems are different than those of metropolitan areas, he emphasized, nevertheless demand attention.

Brickley checked into Escanaba last night after stops at

Sault Ste. Marie, Newberry and Manistiquette on his second campaign visit to the Upper Peninsula. He greeted employees at Mead Corp. early this morning before the breakfast.

He was scheduled to have lunch in Menominee and dinner in Iron Mountain today before visiting Ironwood, Houghton and Marquette on Thursday.

Praises Milliken

In talking to the GOP leaders of the county, Brickley said it's the average citizen that will decide the election this fall and it's up to the Republican party to reach them.

And, he said, it will take a lot of hard work by the local party leaders.

"If Gov. Milliken and I did nothing but talk to groups like this and shake hands 23 hours a day between now and the election we would still only be able to contact two or three per cent of the voters," he said.

He told the group that the Republican party must demonstrate it is "better able to tune itself to the needs of the people at this time."

Brickley termed Gov. Milliken as "one of the most decent, competent men ever to grace the steps of the capitol" and said that Milliken "repre-

sents the best in public service."

He said there is a growing skepticism among people about the capacity of government to respond to the needs of the people, but that Milliken gets things done. He doesn't do it with a lot of "splash or flamboyance" but he's effective, Brickley said.

Tuellio Marana To Head New Athletic Club

POWERS — Tuellio Marana of Hermansville was elected president of the new North Central Area Athletic Club at the organizational meeting Monday evening at the Powers-Spalding School Cafeteria.

Other officers are: Vice-President, Edward Faccio of Hermansville; Secretary, Mrs. Joseph Sheski, Powers, Treasurer, Mrs. Michael Forsberg, Spalding; Advisor, Michael Forsberg.

Two bake sales will be held Saturday, Oct. 3, from 1 to 5 p. m., at Rodman's Dining Room in Hermansville and in the front entrance of the Powers-Spalding School Gym. Chairmen in the Hermansville area are Reno Fochesato and Louis Menard; in the Wilson area, Mrs. Leo Beauchamp and Mrs. Harold Martin; Michael Forsberg, Earl Weissert and Roy Gatten in the Powers-Spalding area. Cheerleaders and majorettes will be sales-ladies.

The next meeting will be Thursday, Oct. 8, at 7:30 in the Powers-Spalding Cafeteria. The public is invited.

Briefly Told

A marriage license was issued at the County Clerk's office to Eugene Theodore Holm, Rte. 2, Rapid River, and Bertha Theresa Johnson, Rte. 2, Rapid River.

sents the best in public service."

He said there is a growing skepticism among people about the capacity of government to respond to the needs of the people, but that Milliken gets things done. He doesn't do it with a lot of "splash or flamboyance" but he's effective, Brickley said.

Mrs. Ida Arnold Taken By Death

Mrs. William Arnold Sr. 64, of Hermansville, died at 6:30 a. m. today at the Anderson Memorial Hospital in Norway, where she had been a patient for one week.

The former Ida Poquette was born April 1, 1906 in Spalding and was married in 1927 in Menominee. She had been a resident of Hermansville since 1927.

She is survived by her husband; three daughters, Mrs. John Aman of Little Chute, Wis., Mrs. William Daniels of Hermansville and Mrs. Alton Larsen of Isabella, Minn.; six sons, William Jr., Edward, Douglas, Phillip and Robert of Hermansville and Glenn of Tacoma, Wash.; one stepdaughter, Mrs. William Nelsen of Powers; one stepson, Orville of Escanaba; three sisters, Mrs. Julius Brunelle of Menominee, Mrs. Lillian McGinnis of Escanaba and Mrs. Mae Marra of Ishpeming; four brothers, Arthur, Fred and Delphis of Hermansville and Leonard of Sturtevant, Wis.; 40 grandchildren and six great grandchildren.

Funeral arrangements are incomplete at this time at the Kell-Tondin Chapel in Spalding.

Bark River

Mrs. Denise Harris of Bark River Rte. 2, spent the weekend in Marquette visiting with her daughters, Mrs. Richard Lompre and Mrs. Tom Biering. While there she saw Irene Folton, who portrays Lisa on the television series, "As the World Turns."

William Peltier, Jr., Joseph Cole, James LePard and Russell Shindross of Flint were guests at the senior William Peltier home last weekend.

"Where The Service Starts Before The Sale Is Made"

Time Has Caught Up With Aging Scribe

By HAL BOYLE
NEW YORK (AP) — It is appropriate now and then in life to pause and take a look around—to see where you've been and where you still may go. This seems a good time for me to make a personal stocktaking, as this month marks the 27th anniversary of the date I began writing a daily newspaper column.

Now, 27 years may not be long in the life of a mountain or a redwood tree—but it is long enough to make a few dents in a man.

When I first unsung my typewriter in 1943 to right all man's wrongs and make a better world, I weighed 180 pounds, wasn't afraid of anything, could walk 20 miles in a day and my eyesight was keen enough to spot a can of meat and beans in a box of "C" rations 75 yards away.

Well, what's happened? Now I weigh a waddling 200 pounds plus, and have all the named fears and a number that are nameless. If I walk more than 20 minutes, I feel like putting my arms around a telephone pole and holding on for a rest. To read a number in a telephone

book now, I need the help of bifocals and two small boys holding lighted matches.

There is no reason for self-pity in this, of course. It is only fitting that a man wear himself out in the service of a good cause.

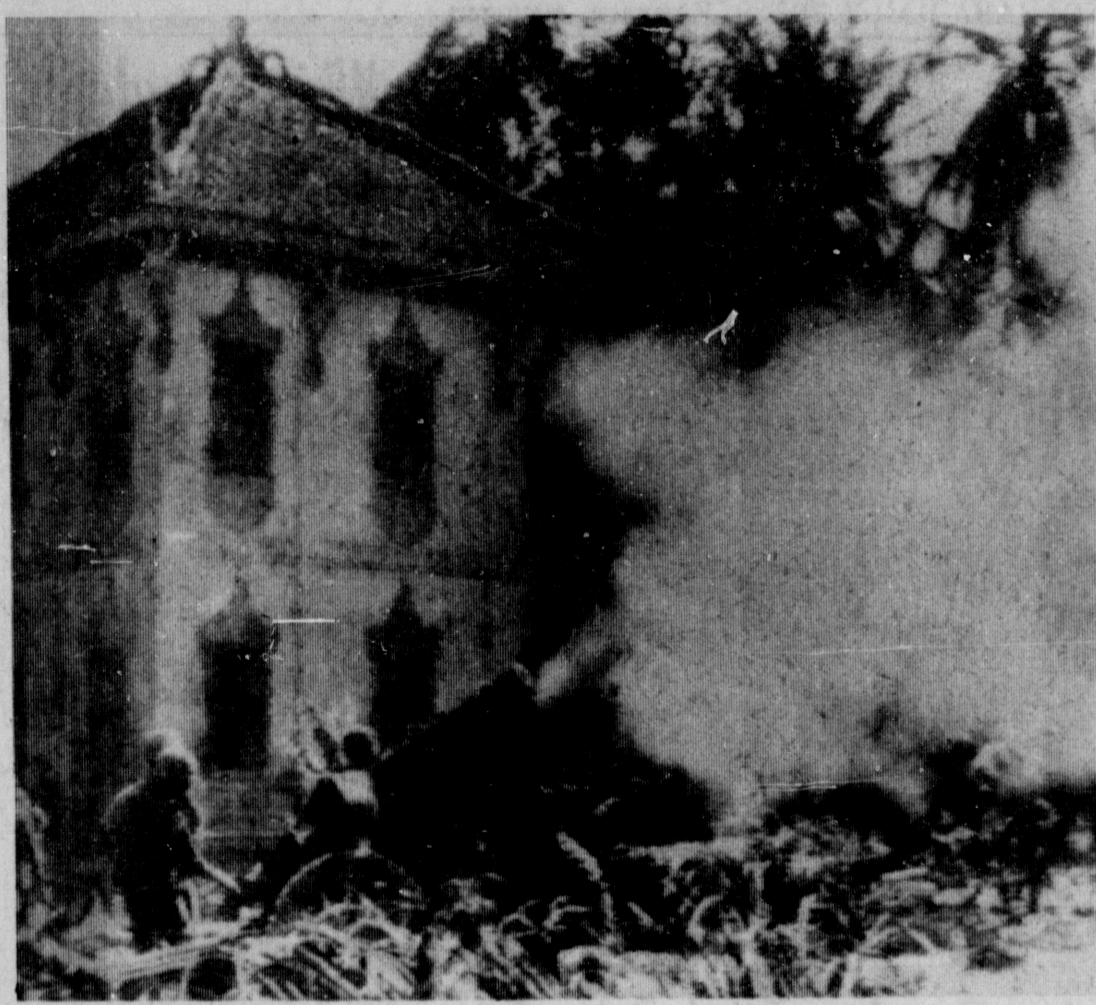

Two of the things I've fought hardest for—the retention of motherhood and the extension of the federal highway program—have done fairly well.

But three of my favorite crusades—the elimination of poison ivy, the return of the penny post card, and the selection of the dandelion as America's national flower—seem as far from realization as ever. My enemies are simply too well entrenched.

Woman Killed

EATON RAPIDS (AP) — Dorothy Smith, 57, of Eaton Rapids was killed Tuesday when the pickup truck in which she was riding swerved out of control on a rural Eaton County road north of Eaton Rapids.

More People get more news from newspapers than all other sources combined.

SMOKE BELCHES from a 105mm howitzer manned by South Vietnamese marines as it fires on suspected Viet Cong and North Vietnamese positions during a major operation between the Mekong and Bassac rivers. The operation in eastern Cambodia began Saturday but was not disclosed until Monday for security reasons, a military spokesman said in Saigon. (AP Wirephoto)

Higher Phone Rates Called Discriminatory

LANSING (AP)—Opponents of a \$14.8 million rate increase granted Michigan Bell Telephone Co. are expected to argue today that the increase is discriminatory, preferential and takes unfair advantage of what little competition remains in the telephone industry.

The Michigan Public Service Commission, which approved the increases last month, began hearings Tuesday on how the company will put them into effect.

Most of the first day's hearings were devoted to testimony by Michigan Bell Vice President Harold Gwillim. The company officials contended the rate changes are "up to date streamlined and simplified."

And, Gwillim said the new rate schedules will help Michigan Bell customers because they "make the rates easier to understand" and make "rates fair all across the board to all customers."

Some of the suggested changes include incentives for direct dialed calls, lower rates at less hours, and the elimination of message units.

But the changes would increase rates for most home and business phones. For example, in Grand Rapids, the basic residential rate for a customer with one telephone would be hiked 15 cents per month to \$5 and each service call at his home would cost \$9.

Business firms in Grand Rapids would be charged 4½ cents per call plus a flat rate. However, there will be a three-year break-in period before that change is fully effective, company officials said.

The five opponents of the rate changes range from the state attorney general's office to the cities of Holland and Northville.

Body Recovered

BIG RAPIDS (AP)—The body of Gary Zimmerman, 7, of Paris was recovered Tuesday from the Muskegon River south of Big Rapids by sheriff's divers. Officials said the boy apparently fell into the river near Croton Dam.

Rat Population Boom Foreseen

WASHINGTON (AP) — Officials of the two-year-old federal rat control program point to marked successes in some cities but believe a nationwide rodent population boom is underway, even in the suburbs.

"My impression, based on scattered and fragmented reports, is that the rat population is on the rise," said Robert E. Novick, head of the Bureau of Community Environmental Management.

"And this means not only in central cities but in the suburbs now."

Paradoxically, the small \$15 million-a-year control program has reduced rat incidence an average of 25 per cent in target areas of 17 cities surveyed so far, Novick said in an interview.

The reduction since 1969 is as high as 80 per cent in such cities as Buffalo, N.Y. and Charlotte, N.C. But two cities, Atlanta and New York, registered increased rat populations despite the program.

The government estimates there are 14,000 cases of rat bite a year in the nation; many thou-

sand cases of infectious disease spread by rats; and innumerable electrical fires caused by rats chewing through wires.

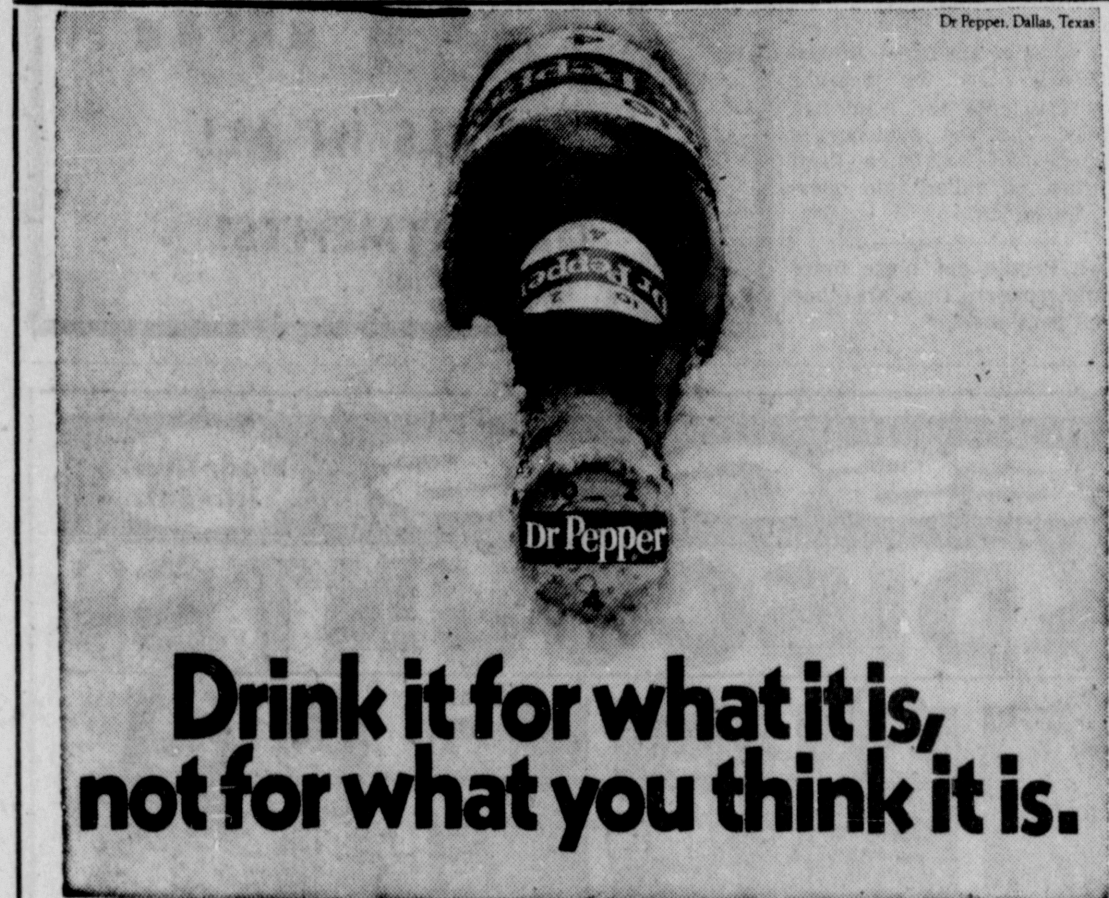

In saying the rodent danger appears to be spreading to once-immune suburbs officials gave these examples:

Some homeowners in affluent Montgomery County, Md., near Washington, say they have heard rats in the walls; the New York City suburb of Nassau County reports a tripling of rat complaints recently; 41 suburbs in Pennsylvania applied last year for antirat money.

A total of 25 cities are receiving federal aid for rat control programs in selected neighborhoods.

Heads MSEA

GRAND RAPIDS (AP) — Clint Dodge, a motor carrier officer of the State Department of Commerce office in Gaylord, is the new president of the 19,000-member Michigan State Employees Association (MSEA).

U-M Throwing Big Curves At Tent Pitchers

ANN ARBOR (AP) — University of Michigan officials said a court injunction would be sought today, unless the 30 persons occupying a tent city on the campus can be convinced that a "serious potential health hazard exists."

Officials said they first would make additional attempts to convince the occupants—who started the tent-in three weeks ago as a housing protest—of the problems.

Informed of the university's stand, many dwellers told news-men they would leave if a court injunction were issued.

Earlier Tuesday, U-M President Robben Fleming told student leaders that the tent city must be ended.

Some 15 tents are on a central campus plaza. Michigan officials said one youth who stayed in a tent was found to have hepatitis. He was taken to University Hospital last week, and was treated and released.

However, university health officials said Tuesday that there were serious health problems beyond just the report of the one case of hepatitis.

A university spokesman said the tent city has inadequate sanitary facilities and has a potential for all kinds of diseases.

Fleming Tuesday met with representatives of the Ann Arbor Tenants Union—who backed the tent-in—and the Student Government Council. He said he had medical advice on the potential health dangers.

A university spokesman said Fleming's views also were made known to the occupants of the tent city Tuesday "after they declined to agree in advance to remove the tents even if a judicial determination were made that a health hazard exists."

Health and medical specialists from the university faculty tried to convince the tent occupants and their supporters that the question of health and not politics makes the removal of the tents mandatory, a spokesman said.

President Fleming said he rejected suggestions the health problem could be solved if sanitary facilities were provided, adding he did not think the university's Diag should be qualified as a public campground.

The tenants union backed the tent-in saying it was done to dramatize the university's negligence in providing housing for students and members of the surrounding community.

White Panther Trial Date Set

DETROIT (AP)—A trial date was set Tuesday for three leading figures of the radical White Panther party who promised the federal court proceedings will be conducted "in a totally peaceful manner."

U.S. Dist. Judge Damon Keith, presiding over a courtroom filled with about 40 White Panther party members and half as many FBI agents and federal marshals, set trial for Jan. 26.

John Sinclair, 28, of Ann Arbor, chairman of the White Panther party, and Jack Forrest, 21, the party's deputy minister of education for the Detroit branch, are charged in a federal indictment with conspiring to bomb the offices of the Central Intelligence Agency in Ann Arbor Sept. 29, 1968.

Lawrence "Pum" Plamondon, 25, the party's minister of defense, is charged with conspiracy and with committing the actual bombing.

The early morning blast tore out windows and smashed furniture in the CIA office. There were no injuries.

The defendants are represented by two of the attorneys in the "Chicago 7" trial earlier this year, William Kunstler and Leonard Weinglass. Both lawyers are free on \$15,000 bond each, appealing sentences of

four years and 20 months, respectively, on contempt of court charges arising from the Chicago trials. Buck Davis of Detroit is also a defense attorney.

Sinclair told Judge Keith he and the others want the trial conducted "in a totally peaceful manner...because we know we're going to be acquitted."

In a response to a request by Weinglass, who said the trial might last six weeks, Judge Keith said he'd have fewer federal lawmen in the courtroom at future proceedings.

White Students Target Of Bond

DETROIT (AP)—Julian Bond, 30-year-old black state representative from Georgia, told Michigan lawyers Tuesday that many white college students care more for drugs and music than they do for curing racial problems.

"We can't afford a Woodstock in a nation that still tolerates Watts," he said.

He said because of this the proposed alliance of black and white college students has never formed.

He said "far too many" white college students "have shown more interest in music, drugs, the romantic rhetoric of revolution and the ennobling sacrifice of self-enforced poverty, than in the very real problems of existence that afflict most black people today."

In the speech at the Michigan Bar Rssn., Bond said, "the presence of ROTC on the campus is not nearly as earthshaking an issue as the presence of rates in the ghetto."

He said, "debates about the relative revisionism of the late Ho Chi Minh had best be neglected until we have started our own revolution here."

Bond said that blacks have had a colonial status in America. "We exist at the pleasure and suffrage of the American majority, and the evidence is mounting that existence itself may soon be called into question," he added.

More People get more news from newspapers than all other sources combined.

Re-Elected

DETROIT (AP)—Carl Parsell has been re-elected president of the Detroit Police Officers Association (DPOA) for his sixth consecutive term.

got 2,683 votes to 293 for his opponent, Patrolman Ira Samuels, a candidate nominated by the Guardians, an organization of black law enforcement officers. The DPOA represents about 3,750 patrolmen on the Detroit force.

Ky Receives Visa For Trip To U.S.

WASHINGTON (AP) — The State Department says Vice President Nguyen Cao Ky of South Vietnam has received a visa for a projected trip to Washington which has aroused controversy in Congress.

Ky has been invited to address a "Victory in Vietnam" rally Oct. 3 being organized by the Rev. Carl McIntire, a fundamentalist radio preacher.

The State Department said Monday visas for Ky, his wife and a small part of aides were issued in Saigon Saturday, but that there still was no official information whether the trip to the U.S. capital would be made. Ky left Saigon today for Tokyo on the first leg of the trip.

EMU May Close Due To Service Employee Strike

YPSILANTI, Mich. (AP) — Officials of Eastern Michigan University say the school will be closed and students will be sent home Thursday unless an agreement is reached with 400 striking service employees.

The school has about 20,000 students, about 5,400 of whom live in dormitories.

Negotiations between the school and the maintenance and food service employees have broken down, with money the main stumbling block.

University officials cited the inability to keep dormitories open without the workers and possible safety hazards because maintenance employees are off their jobs.

Negotiators for the union—the American Federation of State, County and Municipal Employees—and the school met Tuesday in Washtenaw County Circuit Court under the supervision of Judge William Ager.

The university is seeking an injunction to force the employees back to work, but the judge ordered them to try and negotiate a settlement.

If no agreement is reached by Thursday, the union is to appear in court again to show cause why its members should not be ordered back to work.

GETS 250 YARDS — One-legged golfer Morris Chapin takes a cut at the ball in Collins, Ohio, where he gets up to 250 yards on his tee shots. Chapin lost a leg in a construction accident a decade ago and underwent surgery 17 times during an eight-month hospitalization. Chapin is planning a hunting trip in Wyoming this fall.

Lenore's Charm Won't Get Funds From Demo

WASHINGTON (AP) — It wasn't exactly what Edgar Allen Poe had in mind perhaps, but for Sen. William Proxmire's purposes, it was perfect.

And he won't be contributing to the campaign coffers of "the rare and beautiful maiden whom the angels named Lenore."

"Nevermore." It started with a letter from Sen. John Tower, who happens to be a Republican from Texas, to Proxmire, who is neither, asking for a contribution to Lenore Romney, GOP nominee for the Senate from Michigan.

Tower wrote the Wisconsin Democrat that "because you've shown such a strong interest in the success of the Republican

party in the past," he was certain Proxmire would like to help.

"Political analysts now predict the Republican party will win six new seats on Nov. 3 when the nation goes to the polls," Tower wrote. "Seven are needed for us to gain control."

"If we can elect Mrs. Lenore Romney in Michigan, that will be the seventh seat . . . and we will take control of the Senate and the important committees. And it will mean putting Republicans in as chairmen of several strategic committees."

"That's why we need your help now," Tower wrote.

Proxmire, who heads one of those strategic committees Republicans are enviously eyeing, replied he appreciated Tower's kind reminders about the "fateful decisions" to be made Nov. 3.

And he admitted he was enchanted by the lovely opponent of Sen. Phillip Hart, D-Mich. "I admire her charms," Proxmire replied. "But I must question your view that beauty is a basis for a seat in the Senate, if for no other reason than the fact that neither you nor I could qualify."

And then he summed up his response by paraphrasing Poe: "Tell this soul with sorrow laden, 'If you really thought I'd aid in

"The campaign of the sainted maiden 'Whom the angels name Lenore?' 'Quoth the Raven: 'Nevermore!'"

Kellogg Worker Now Reinstated By Arbitrator

BATTLE CREEK (AP) — An impartial arbitrator Tuesday ordered the reinstatement of a worker, whose dismissal led to the walkout of 3,500 workers for the Kellogg Co. here.

The arbitrator was brought in after the dispute began over the dismissal of Duane Klepper. Allen Walt, the arbiter, ordered Klepper reinstated following a 15-day penalty.

Meanwhile, the walkout by Local 3 of the American Federation of Grain Millers continued against Kellogg. A judge last week ordered the union to return to work, but law authorities said they were attempting to serve the court order.

Union leaders claimed after the walkout the company had dismissed more people in the last year than in the previous decade.

Police said one picketer was struck by a car and suffered minor injuries when a driver was leaving the company's parking lot Tuesday.

Federal Grant

LANSING (AP) — Gov. William Milliken has announced receipt of a federal grant of \$92,475 for a pilot project on drug use, limitation and treatment. The project, to be conducted by the office of youth services of the state department of social services, is aimed at development of an educational approach of coping with drug abuse by adolescents.

GM Car Sales Take Nosedive

DETROIT (AP) — With General Motors Corp. selling only half as many cars as it did a year ago, average daily U.S. auto sales nosedived 26.5 per cent in the middle 10 days of September.

Officials of GM, which is being struck by the United Auto Workers, attributed the decline to the fact that virtually none of its 1971 models have yet gone on sale. The giant automaker's 1970 models were introduced Sept. 18, 1969.

Mack W. Worden, vice president in charge of the GM marketing staff, said that the strike "has not allowed all of the 1971s to be available in desired quantities for announcement."

However, he said, "GM dealers will be in position to show the many features of the 1971 models, deliver those cars that are available and accept orders for delivery following resumption of production."

For the Sept. 11-20 period this year, automakers sold 159,965 new cars, compared to 245,165 last year. There were eight selling days this year compared to nine last year.

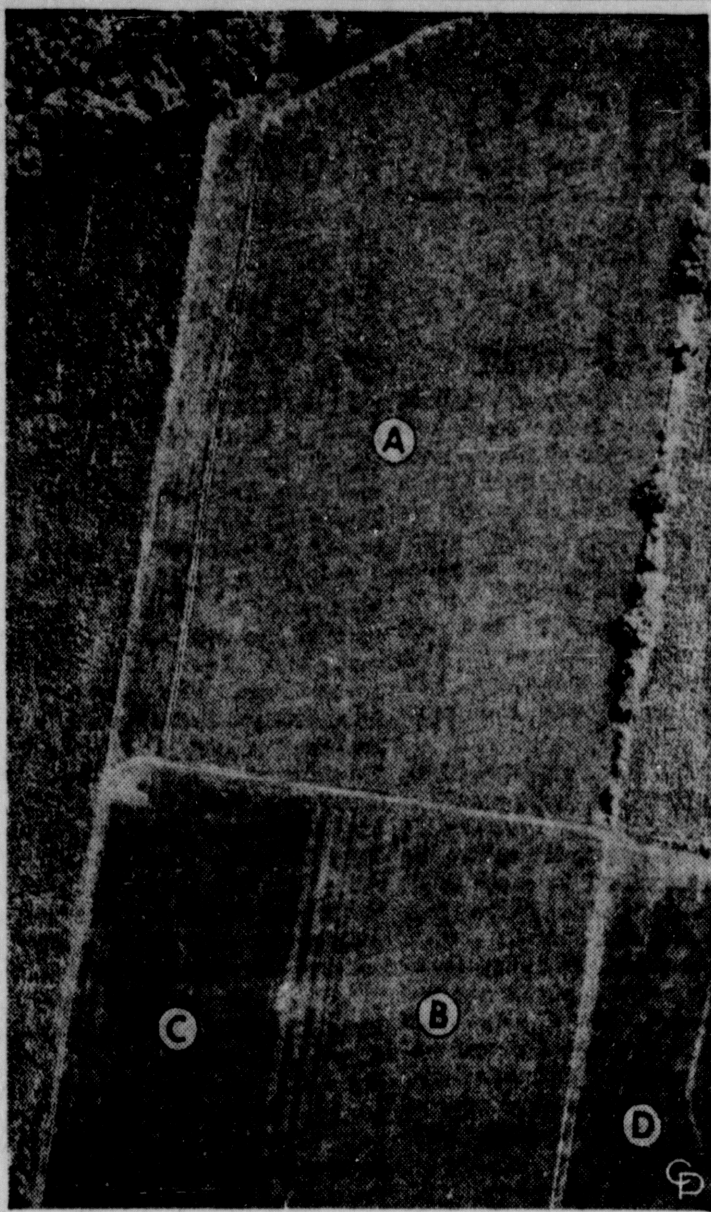

Both Chrysler Corp. and Ford Motor Co. reported increases on a daily rate basis. Both have had most of their new models on sale.

Industry analysts estimate GM, struck a week ago, has about a seven-week supply of new cars. This includes about 315,000 1970 models and around 208,000 1971 models.

Worden said that the sales response to the subcompact Vega 2300 — the only 1971 GMM model on display so far — has been excellent.

He said all other new Chevrolet, Oldsmobile and Cadillac models go on display Sept. 29 and new Buick models on sale Oct. 3.

Ford said its daily selling rate of 8,228 during the mid-September period broke the record of 7,673 set a year ago.

AN EYE TO THE GROUND — This infra-red photo is a result of successful experiments by Purdue University and NASA to identify corn blight from the air. "A" and "B" in this Indiana field have the blight. "C" and "D" do not. Various graduations in color in the photos appear only when the blight is present.

Nixon Popularity Slip Is Showing

NEW YORK (AP) — President Nixon's personal popularity rating dropped from 40 per cent in July of this year to 35 per cent in a poll taken between Aug. 25 and Sept. 1, the Harris Survey reports.

The seven-day poll was made of 1,437 households nationwide, the survey said.

In April 1969, three months after he took office, Nixon's "confidence level" was 61 per cent, and it has declined since, the Survey said.

"Almost without exception President Nixon stands much stronger with the public on foreign than domestic policy," Harris said. "His two most positive ratings are on his efforts to 'achieve peace in the world and in handling relations with Russia.'"

In the domestic area, Nixon's standing between July and late August on "keeping the economy healthy" went down from 37 to 31 per cent.

Undercarriage On Vega Could Cause 'Washout'

DETROIT (AP) — The new Chevrolet Vega minicar has run into an unexpected problem— incompatibility with automatic car wash systems.

A trade association has warned operators of car wash systems that the small car could be damaged while going through the line because its undercarriage is too low.

"Extreme caution is advised before washing this car on conveyors," said Automatic Car Wash Association International in a bulletin sent to its members in 49 states and 15 foreign countries.

A spokesman for General Motors acknowledged the problem. "We are working on it," he said. "We think it can be alleviated because it affects only one point on the underside of the car."

According to the car wash association, most current conveyors have a minimum 5¼-inch height off the floor for clearance, and the Vega has a clearance of only 4¼ inches.

"Test results in Detroit show shock absorbers and under-car housing are torn off by conveyors in local car washes," the association added.

The GM spokesman said the low point apparently involves a bolt that holds a shock absorber.

Strike At GM In Ninth Day; No Progress

DETROIT (AP) — With the United Auto Workers declaring that its strike against General Motors Corp. isn't going to be settled "by us sounding retreat" and the company also maintaining an adamant stance, a nationwide walkout against GM entered its ninth day today.

Both sides agreed they still are far apart on economic issues and none of the gap was closed Tuesday, in their first negotiations since the strike began a week earlier.

They were to meet again this afternoon, but without a key figure UAW President Leonard Woodcock. He was to be in Washington supporting proposed congressional enactment of a national health insurance program.

The union's henceforth picking up a share of increases in hospital-medical-surgical insurance is a major company demand in new contract negotiations from which the walkout stems. Such premiums now are fully company paid.

The walkout at midnight Sept. 14 has idled through strike or subsequent layoff some 380,000 at GM plants—344,000 called out

and 26,995 since laid off at strike-exempted plants which supply vital parts to other automakers.

Ford, struck for seven weeks in new contract negotiations three years ago, and Chrysler, ailing financially, were given strike immunity this time around.

Since GM is its own No. 1 parts customer, it no longer required a full force at 27 strike-exempted plants, which the union left these going to assure continuance of auto production by Ford, Chrysler and American Motors.

It was Woodcock who told a news conference Tuesday that the strike is "not going to be settled by us sounding retreat, and you might as well understand that."

Asked later if he meant the union would not retreat from a wage demand of 61.6 cents per hour in the first year of a new three-year contract, Woodcock replied he meant retreat "to the circle they (GM negotiators) prescribe." The company has offered what it says amount to a 38-cent hourly increase.

Vice President Earl Bramblett, GM's negotiations chief, conceded no progress was made.

RELIEF PROJECTS

JERUSALEM (AP) — The CARE relief agency has ended 21 years of food parcel distribution in Israel with the presentation here of the agency's 800,000th food package.

CARE's director in Israel, Harold Silcox, said the agency would continue other projects in Israel and the occupied territories, including feeding of about 20,000 mothers and preschool children in the Gaza Strip and providing food rations to about 130,000 Arabs in the territories occupied by Israel in the 1967 war.

CARE spent 21 million dollars during its 21 year parcel distribution program in Israel.

SPECIAL SCHOOL ELECTION

NOTICE OF SPECIAL ELECTION OF THE QUALIFIED ELECTORS OF BARK RIVER-HARRIS SCHOOLS, DELTA AND MENOMINEE COUNTIES, MICHIGAN TO BE HELD SEPTEMBER 28, 1970 TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please Take Notice that a special election of the qualified electors of Bark River-Harris Schools, Delta and Menominee Counties, Michigan, will be held in the Bark River-Harris Elementary School Building, on Monday, September 28, 1970.

THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK A. M., AND CLOSE AT 8:00 O'CLOCK, P. M.

The following proposition will be submitted to the vote of the electors qualified to vote thereon at said special election:

Shall Bark River-Harris Schools, Delta and Menominee Counties, Michigan, borrow the sum of not to exceed Five Hundred Sixty-Five Thousand Dollars (\$565,000) and issue its bonds therefore, for the purpose of erecting, furnishing and equipping a new high school building; and developing and improving the site?

All school electors who are registered with the city or township clerk of the city or township in which they reside are eligible to vote at this election.

This Notice is given by order of the Board of Education of Bark River-Harris Schools, Delta and Menominee Counties, Michigan.

Terry DeLoughary
Secretary, Board of Education

Opening Dinner Dance Held At Lake Bluff

Approximately 100 members ushered in the 1970-'71 social season at Lake Bluff Country Club on Saturday night.

Cocktails and hors d'oeuvres were served before the buffet dinner featuring prime ribs of beef. Dancing to the music of "The In", group followed dinner.

A 15 foot L shaped hors d'oeuvre table captured most of the attention as the guests arrived for their first party in the new surroundings.

A centerpiece of dark mums, framed by 17 selections of tasty treats including shrimp and barbecued ribs, presented a pleasant welcome for the arriving guests.

The buffet dinner that followed, assured the success of the evening. Moose Moid, smoked trout, smoked chubs, tenderloin tips and prime ribs, carved to order by Chef Bill Garner, were some of the over 50 selections to choose from.

An attractively decorated ham, featuring the Lake Bluff logo, centered the array of selections.

If this party is any indication, the clothes designers have underestimated the resistance of women. Of all the ladies attending, not one knee length dress could be seen; however, several pant outfits added variety to the mostly above the knee attire.

The next party at Lake Bluff will be a member-guest dinner dance on Saturday, Oct. 10.

Delta District Nurses Hold Dinner Meeting

The monthly dinner meeting of the Delta District Nurses Association was held at the House of Ludington Monday evening.

Speaker for the evening was Elmer Moisio, R. N., who is a graduate of St. Luke's Hospital School of Nursing and is presently working toward his B. S. degree at Northern Michigan University. He is on the Board of Directors of the Michigan Nurses Association and is a member of the staff of the State Hospital at Newberry.

He presented some insights into the background of the Economics Security Program. He also discussed the coming 1970 MNA convention and functions of the MNEO and MNA and the proposed restructuring which will be voted on by the delegates. A question and answer period followed.

Mrs. Geri VanEnkevort was selected to be a delegate to the Michigan Nurses Association convention in Detroit Oct. 12-16.

Rebekah Lodge Meets Thursday

Phoebe Rebekah Lodge 179, will meet at 8 p. m. Thursday at the IOOF Hall. All ticket stubs must be turned in as the afghan will be awarded at this time. Hostesses for the evening are Irma McMartin, Agnes Nelson and Mary Perkins.

Reservations are still open for the U. P. Rebekah Association meeting to be held Sept. 26 at Ironwood. Two candidates from Phoebe Rebekah Lodge will be initiated at this time. Call 786-6218 for reservations.

Mrs. Leon Steinbrecher (Lee's Studio)

JoAnne Steede Bride Of Leon Steinbrecher

St. Anne's Church in Escanaba was the setting Saturday, Sept. 12 for the wedding of JoAnne E. Steede of Rte. 2, Escanaba and Leon F. Steinbrecher of Star Rte. 1, Iron Mountain.

Officiating at the nuptials at 2 p. m. was the Rev. Louis Cappel. Bouquets of yellow and white gladiolus adorned the church altar for the service and during the ceremony, the bride placed a single long stemmed rose at the altar of the Blessed Virgin.

The bride is the daughter of Mr. and Mrs. Richard E. Steede of Rte. 2, Escanaba and parents of the bridegroom are Mr. and Mrs. Wilbur Steinbrecher of Star Rte. 1, Iron Mountain.

Maid of honor for her sister was Michelle Steede of Kalamazoo and bridesmaids were Kathy Mattson of Felch, sister of the bridegroom and Lynn Barnhart of Escanaba.

Burnt Orange

They were attired in A-line princess gowns of burnt orange crepe with chiffon capes styled with long sleeves. Matching burnt orange headpieces and shoulder length veils completed their attire and they carried cascade arrangements of bronze and gold mums.

Flower girl was Tammy Perron of Bark River and carrying the rings was Danny Steinbrecher of Felch, brother of the bridegroom.

Satin Gown

The bride's traditional floor length gown of delustered satin was fashioned with a lace bodice, modified Sabrina neckline, long tapered sleeves and a detachable satin chapel length train.

A matching pearl trimmed satin and lace Juliet cap held her elbow length veil of imported illusion and she carried

a cascade arrangement of feathered mums, carnations and rosebuds.

Serving as best man was Adrian Steinbrecher of Felch, the bridegroom's brother and groomsmen were Mike Steede of Escanaba and Robert Mattson of Felch. Seating the guests were Terry Steede of Escanaba and Carl Steinbrecher of Felch.

Mothers' Attire

The mother of the bride wore for her daughter's wedding a beige lace dress and coat ensemble with matching accessories and Mrs. Steinbrecher chose a brown and beige jacket dress with brown accessories and both mothers were presented white orchid corsages. Guest of honor at the wedding was the bride's great grandmother, Mrs. Frank Hemmes and she pinned a white carnation corsage.

Reception

The reception was held at Marco's Starlight Room and assisting with duties were Linda Steinbrecher, Mary Perron, Linda Borman and Theresa Steinbrecher.

After a wedding trip to an undisclosed destination the couple will reside at Star Rte. 1, Iron Mountain. The bridegroom attended Michigan State University.

People

Attending funeral services for Mrs. Lillyan Canavan Friday were Mr. and Mrs. James Jolly, Sr., James Jolly, Jr., and Joyce Jolly Wilkes of St. Paul, Mrs. Warren Perry of Philadelphia, Mr. and Mrs. James Depue, Denny and Kathy of Lansing, and Larry Krumwiede of Mt. Clemens.

Bark River-Harris PTA Begins Season

The first session of the Bark River-Harris PTA was held Thursday night at the elementary school. Mrs. Carl Ahlin was appointed chairman for the Halloween party which will be held Friday evening, Oct. 30 at the school.

It was reported that the electronic equipment is here and ready for installation. Mrs. Bell's room won the room count.

G. Pearson, superintendent, announced that last year's Student Council has donated a Michigan flag to the school. He also introduced the new faculty members, Mrs. Totten, Miss Bone and Mr. Barrett.

A. Arntzen, architect, spoke on the possible school site and the design of a new high school and a question and answer session followed. The Executive Committee served lunch at the close of the business session.

Births

GEREAU — Mr. and Mrs. Guy Gereau of Cheboygan, formerly of Gladstone are the parents of a daughter, Michelle Louise, born on Sept. 1. The infant weighed 8 pounds and 3 ounces at birth. The mother is the former Patricia Anderson.

Eagles Auxiliary Hosts District Meet

Escanaba Auxiliary 1088, Fraternal Order of Eagles hosted its State President Ann Gast, of Twin Lakes, Mich., at the District 9 meeting held Sunday, Sept. 20 at 2:15 p. m. at the Sherman Hotel. State Membership Chairman Bernice Smith of Grand Rapids accompanied the president on her visitation. Escanaba Auxiliary President, Carol Hasse welcomed the members and guests.

First on the agenda was the installation of district officers for the ensuing year: Chairman, Mrs. Doris Hoinowski, Iron River; Vice chairman, Mrs. Evelyn Jukkala, L'Anse; Secretary, Mrs. Hannah Romppanen, South Range; Treasurer, Mrs. Patricia Carlsson, Negaunee; Chaplain, Mrs. Ruth Elworth, Escanaba. Mrs. Alice Runkel, Escanaba, conducted the installation and was assisted by Mrs. Mildred Severson, Escanaba, conductor.

In her talk to the group, State President Ann Gast mentioned the various projects of the State Auxiliary and asked for help in her new state project, "Second Sight Project," comparable to the Lions Club, "Seeing Eye Project." Mrs. Ruth Elworth of Escanaba is chairman of this state project.

Mrs. Bernice Smith, membership chairman, spoke on membership, stressing the importance of attaining new members and keeping them.

Districts represented were: South Range, Iron River, Negaunee, Marquette, L'Anse, Escanaba, with 55 members in

Ann Gast

attendance. They all gave reports on the humane activities accomplished by their group throughout the year.

Guests from District 8, were Mrs. Florence Jenkins and Mrs. Reva Fox of Gaylord, and Mrs. Pearl Firth, Battle Creek.

A dinner followed at the Eagles' Club for the Auxiliary members, Aerie members, and their guests. Mrs. Ruth Elworth was in charge of the district meeting program. The next district meeting will be held at Iron River, Dec. 5.

Firms To Rectify Auto Complaints

ALBANY, N.Y. (AP) — The Big-Three automakers are making amends to New York car buyers who complained at public hearings this summer that dealers weren't standing behind warranties, Atty. Gen. Louis J. Lefkowitz said Tuesday.

Lefkowitz gave a follow-up report on the hearings, saying at a news conference that he was pleased with responses from Ford, General Motors and Chrysler.

The attorney general said he had sent the carmakers specific complaints from 300 to 400 purchasers of 1969 and 1970 automobiles. In many cases, he added, the manufacturers spelled out what action they had taken, including replacing parts without charge.

Lefkowitz added that he would write the owners to determine whether they are satisfied that the complaints were adequately rectified.

Wharton Warns About Radicals On Campuses

EAST LANSING (AP) — If campus bombings and student riots persist, it could lead to a "scholar-monk" situation, says Dr. Clifton R. Wharton Jr., president of Michigan State University.

Universities could lose "a sizable area of our best academic minds," Wharton said Tuesday in an informal luncheon with newsmen.

Wharton said professors are bound to be frustrated when they see the labors of years of research bombed out of existence.

A recent bombing at the University of Wisconsin killed a man and destroyed research documents and equipment.

Wharton refused to estimate the extent of student dissent and disorders that might be expected at Michigan State during the next academic year.

"It is very dangerous to predict," he said.

He did estimate that less than one per cent of the students are radical agitators.

During the summer, Wharton said, students have been exposed in their home towns to the public reaction against disorders. This may help to calm down the disorders on the campuses, he said.

But Wharton said there could be a bombing on any campus, anytime.

The MSU president said many of the objections he receives from the public involve activities of professors. People say: "If a professor is a radical, why should I subject my child to his teachings?"

However, he said, there is a fine line between a member of the faculty taking part in a legal demonstration and actually inciting to riot.

"A demonstration is not an illegal act," he said. "But if a member of the faculty incites to riot it is an illegal activity subject to penalty."

Meanwhile, Wharton added, it is hard to define a radical group — referring to repeated suggestions that such groups be barred

Pozzuoli, thrust upward by volcanic activity under the Bay of Naples, was a popular resort in the Roman era. Villas crowded its slopes to the water's edge and, as Horace wrote mockingly, "encountered there the freshness and salubrity of another element" when the land sank.

Kincheloe AFB Sergeant Cited As 'Outstanding'

WASHINGTON (AP) — A Michigan Air Force sergeant was awarded a citation as an outstanding airman at a banquet of the Air Force Association in Washington, D.C. Monday.

He is Senior Master Sgt. Joseph M.D. Ouellette of the 37th Aerospace Defense Command, Kincheloe Air Force Base at Sault Ste. Marie.

On presenting the citations to Ouellette and 11 other airmen John C. Meyer, Air Force vice chief of staff, said, "fortunately, the Air Force has such highly skilled non commissioned officers."

GEORGIA RUNOFF ELECTION IS TODAY — Peanut farmer Jimmy Carter (left) and former Gov. Carl Sanders (center) will go at it in a runoff election Sept. 23 for the Georgia Democratic gubernatorial nomination. The winner will face Republican Hal Sit (right), a former newscaster, in the November election.

'MEA Man' Puts Damper On Case

EAST LANSING (AP) — The Michigan Education Association's initials sometimes bring unexpected results.

According to the association's newspaper, an MEA staffer visited the principal of an East Lansing school, but the principal was called to the superintendent's office where a youth was being questioned about some break-ins.

The superintendent asked who was in the principal's office and was told it was an MEA man. The youth interrupted saying, "I'll confess. I'll confess." And, he did.

Trial Date Set In Dope Case

An Oct. 1 jury trial date was set for Mark R. Butterfield, 23, at a Circuit Court arraignment Monday. Butterfield stood mute and a plea of not guilty was entered on a possession of narcotic (marijuana) charge. Bond of \$200 was ordered continued.

Earlier, Circuit Judge William Hood denied a motion by Butterfield's attorney, U.S.A. Heggblom, to dismiss the charge which, Heggblom claimed, was the result of illegal search and seizure at the time of Butterfield's July 5 arrest.

The defendant, who now lives in St. Francis, Wis., was stationed in Manistique with the U.S. Coast Guard until his discharge in 1969. The state will be represented at the trial by acting prosecutor Robert G. Berger.

During a second arraignment, Randy E. Diro, N. Houghton Ave., pleaded guilty to unlawfully driving away a motor vehicle but without intent to steal. He will be sentenced later this week after a pre-sentencing report is compiled.

Three hearing on non-support charges were heard with the court directing the necessary payments be made in the following cases: Sandra Ash vs. David Ash; Arlene Tufnell vs. Elmer G. Tufnell; Kay Graphos vs. Daniel J. Graphos. One divorce was also granted.

Obituary

MRS. JOHN McKILLIGAN
Complete funeral services were held Tuesday at 2 p.m. from the Messier-Broulliere Funeral Home for Mrs. John (Elizabeth) McKilligan, 87, Indian Lake, who died Saturday at the Medical Care Facility. Rev. William Brauer, pastor of the Church of the Redeemer, Presbyterian, officiated with Mrs. Ray LaMarche at the organ.

Burial was in the Fairview Cemetery.

Hospital

Admitted to the Schoolcraft Memorial Hospital on Monday were Noel Harbin, Mary Niemel, Diane Dent, Roger Lincoln, Barbara Smith, Ronald Rosie, Rebecca Holbrook, Esther Soderbeck.

Discharged were Cassie Jer-nudd, Robert Walters, Greg Tuttle, Delores Theut, Mae Lind, Eva Caron, Helen Carlson, Francis DeCelle and Ernest Edwards.

The WSCS will sponsor a Pasty Sale Thursday at the United Methodist Church and Gamble Store. Phone advance orders to 341-5491 or 341-5812.

MANISTIQUE

Mrs. John H. Bennett (Mincoff Studio)

Shirley Ann Prater Wed To PFC John H. Bennett

Shirley Ann Prater and Pfc. John H. Bennett exchanged marriage vows at a 10:30 a.m. ceremony Sept. 19 in the Bethel Baptist Church. Rev. Robert Haring officiated at the double ring rites.

The bride's parents are Mrs. Carl Carlson, Rte. 1, and Charles Prater, 434 Center St. The bridegroom is the son of Mrs. Frederick Lueneberg and John Bennett, both of Escanaba.

Floor Length Gown
Given in marriage by her father, the bride chose a floor length white gown of crepe, empire waisted, long full sleeves and lace trimmed. Her fingertip veil was secured to a white flat bow. She carried an assortment of pink and white asters, carnations and roses.

The bride's aunt, Mrs. Fred Prater, was matron of honor and wore a pink floor length crepe dress with lace bell sleeves, a pink shoulder length veil secured to a pink bow. She carried a bouquet of asters and carnations.

Reception Held
An evening reception at the bridegroom's home in Escanaba was preceded by a coffee hour at the bride's home following the ceremony.

The new Mrs. Bennett is a 1970 graduate of the Manistique

Schools Open In Kalamazoo; 6 Districts Out

By The Associated Press
Classroom doors opened for Kalamazoo's 18,000 public school students for the first day of the school term today after striking teachers ratified a new contract. Settlement of the Kalamazoo dispute left six school districts in Michigan with classroom doors still shut by teacher walk-outs.

Kalamazoo teachers approved their contract 702-144. The agreement was hammered out in a 12-hour negotiating session which ended about 3 a.m. Tuesday. Classes resume today on a half-day schedule.

Terms of the settlement called for a base starting pay of \$7,600 for teachers with bachelor degrees, an increase of \$400 a year over the previous pay scale. After 12 years, bachelor-degree teachers will be paid \$12,464 a year.

The salary scale for teachers with masters degrees will range from \$8,208 to \$14,060 after 13 years.

Schools still closed by teacher strikes are Inkster, Highland Park, Warren Woods, Alpena, Cheboygan and Rapid River.

Negotiations in the Inkster district near Detroit were recessed, and officials said they would have to dissolve the school system if it adopts a deficit budget.

Edward Ford, Inkster school superintendent, said the district cannot raise its contract offer on the table without a deficit budget.

A spokesman for the Inkster Federation of Teachers said he did not believe the school board had offered the maximum allowable under its current budget.

'Feedback' Plan

EAST LANSING (AP) — Michigan State University students, in the process of registration for the fall term, are being asked for the first time what they think of the university in a survey called "Project Feedback". They are being asked if they are satisfied with the programs of study and instruction, if they selected MSU on their own or at the insistence of parents and if they are receiving adequate assistance from academic advisors, assistant deans and others.

People

Mr. and Mrs. Melvin Zimmerman, Cincinnati, and Mrs. Ora Zimmerman, Saginaw, are visiting Mrs. William Gentz, 631 Garden Ave.

Mr. and Mrs. Harold Hupfer and son, Richard, Southfield, spent Sunday with Mr. and Mrs. Earl LeBrasseur, 318 Range St. The Hupfers were returning from Houghton where they accompanied their son, Robert and daughter, Mary, students at Michigan Technological University.

"ON A DARE" — John Kozusko, 30, Roslyn, L. I., teacher looks unruffled at the big stir he created when he swam across Long Island Sound to Connecticut and back on a dare. He was seen from boats and a massive police and Coast Guard search for him got underway.

Education Job Appointee Not Union-Backed

WASHINGTON (AP) — Sidney P. Marland Jr., U.S. commissioner for education-designate, owns a proven track record as teacher, school superintendent and think-tank executive.

The outspoken 56-year-old former Pittsburgh school chief, nominated Tuesday for the post by President Nixon, has also struck sparks of controversy that refuse to die.

The AFL-CIO and its American Federation of Teachers, for example, will oppose his nomination because of his alleged antipathy to teacher unions in Pittsburgh. Marland denies the charge.

The rival National Education Association — the largest organization of classroom teachers and supervisors — is publicly uncommitted on Marland. But informed sources say top NEA officials view Marland as no friend and are decidedly lukewarm on the nomination.

Furthermore, President Nixon held up Marland's nomination for several weeks because of the labor objections and reported criticisms from administration conservatives, including Vice President Spiro T. Agnew.

Marland, the personal choice of Secretary Elliot L. Richardson of Health, Education and Welfare, is indeed viewed as a liberal on school integration, larger federal expenditures for education, and such reform measures as school vouchers.

Since 1968, Marland has headed the Institute for Educational Development—a think tank with offices in New York City and Los Angeles.

The institute specializes in research on urban education and receives 40 per cent of its funding from industry and foundations.

Some schoolmen point to a possible conflict of interest for Marland because the Office of Education provides money for many foundation and industry education ventures.

GLADSTONE

Briefly Told

The Study Club held their opening party at the LeRoux cottage Monday afternoon. Mrs. Paul Cowen was the hostess and was assisted by Mrs. William Green, Mrs. J. E. Becvar, Mrs. E. E. Movalsen and Mrs. D. A. Jondrow. A steak dinner was served to 15 members. The next regular meeting will be held Oct. 5 with Mrs. J. E. Becvar as hostess.

People

Mr. and Mrs. William F. Girard, 1607 Michigan Ave., and Mr. and Mrs. Wilbur Whitburn, of Escanaba visited the American and Canadian Soo Locks on Saturday and Sunday.

NOTICE

Effective October 1, 1970, The Offices Of Drs. Dehlin-Olson-Maniaci Will Be Open All Day On Wednesday. The Offices Will Be Closed All Day On Saturdays Except For Emergencies.

NOTICE TO BIDDERS

The field proposals will be received at the office of the Alger County Road Commission, Munising, Michigan until Sept. 28, 1970 at 7:30 o'clock p. m., eastern standard time at which time and place they will be open for: TWO LOTS OF CRUSHED GRAVEL each totaling 10,000 cubic yards in two separate general areas as follows: 1. Deerton Sand Lake Area — 10,000 cubic yds. 2. FFH#13 area south of county road known as Doe Lake Road — 10,000 cubic yds. Specifications: Identify with 22A type.

Michigan Department of State Highway.

State Modifications, FOB Producing Plant. Bidder must pay own royalties for gravel stock. Bidder must secure storage area for county for two years at no cost to county by written contract. Gravel will be inspected by Michigan Department of State Highways for use on federal aid secondary projects. The right to reject any or all proposals is reserved by the Alger County Road Commission.

Signed
Alger County Road Commission
Thomas Moore, Chairman

NOTICE TO BIDDERS

Bids will be accepted by the Manistique Area Schools for the following supplies:

Fuel Oil—No 2—to be delivered as required in 5,000 gallon quantities to the following schools: Hiawatha, Lincoln, Fairview, Doyle, Mueller*, and Germfask.

Lubricating Oil—MS-DG-DM—in 55-gallon drums and sealed quarts — please specify brand name.

Interested bidders should contact the Business Manager at the Manistique High School on Cedar Street for any additional information. All bids must be received by 4:00 p. m., October 2, 1970, at the Business Offices. The Board reserves the right to reject any or all bids. Consideration will be given to any other arrangement which would be beneficial to the Manistique Area Schools.

*Germfask tank is partially above grade and requires a pump or tank truck. Two smaller tanks at Fairview and the tank at Mueller school are less than 5,000 gallon capacity and have a small filler pipe.

GOP Working To Head Off Rail Shutdown

WASHINGTON (AP) — The Nixon administration worked today to head off a midnight nationwide railroad strike, but there were signs the government was bracing to test whether the nation could stand a rail shutdown.

Labor Department officials reported very little progress toward settling the long dispute over eliminating locomotive firemen's jobs, and the government prepared to authorize emergency bus and truck service in the event of a rail strike.

The strike has been called for 12:01 a.m. Thursday.

President Nixon already has exhausted all strike-delaying provisions of federal labor law. "If it keeps on we may have to be faced with a nationwide railroad strike," said Assistant Secretary of Labor W. J. Usery, working on the nation's fourth national rail labor crisis this year.

Usery, in an interview, hinted that although the government must exert every effort to avoid it, a nationwide rail strike might not be as catastrophic as federal officials have said.

There have been only three nationwide rail strikes in nearly half a century, with either the White House or Congress stepping in to prevent others.

"This day and time we are now beginning to look upon it as this — years ago we did not have airlines, we did not have trucking as we have it today. And if it keeps on we may have to be faced with a nationwide railroad strike even though everything should be done to prevent that..." Usery said.

Interstate Commerce Commission Chairman George M. Stafford announced his agency will issue emergency authority to truck and bus lines to haul passengers and freight if there is a rail strike.

Soviet's Luna 16 To Land Thursday

MOSCOW (AP) — The Soviet Union's Luna 16 rocket and its cargo of moon rocks will land Thursday in the central Asian republic of Kazakhstan, Tass said today.

The official Soviet news agency report ended speculation that the rocket might splashdown in the Indian Ocean.

Tass said "all onboard systems are functioning normally." The rocket was 115,000 miles from the earth at 4:40 a.m. EDT.

Luna 16 was launched Sept. 12 and landed on the moon Sunday. It scooped up some moon rocks, did some probing with a drill, and lifted off from the moon Monday, Tass said.

Group Appointed To Study Safety Around School

A committee of eight persons has been appointed by the PTA of the John Lemmer School to explore possible solutions to an increasing traffic problem around the school.

The topic was discussed by a panel of school, city and PTA officials at the regular meeting of the PTA Monday night in the multi-purpose room of the school. The room was filled to capacity for the discussion.

Named to the study committee were Gary Gagnier, chairman; Donald Aronson, Richard Frederick, John Dulek, Louis Dieckrich, Donald Meteor, Mrs. Crawford Perkins and Dr. James Ryan. The group is expected to make a report to the PTA at its Oct. 19 meeting.

Problem Detailed
Gagnier, who was program chairman for the meeting Monday, introduced Escanaba Mayor Ronald DeVos, who served

Greece To Get U.S. Arms Aid

WASHINGTON (AP) — President Nixon has okayed renewal of fullscale U.S. arms aid to Greece despite some continuing criticism of Athens' military regime both here and abroad.

The reason for ending the long embargo on planes, tanks, artillery and other heavy weapons shipments to Greece, the State Department said, is that country's strategic importance on NATO's flank in the eastern Mediterranean.

"Although the United States had hoped for a more rapid return to representative government in Greece," the Department's announcement Tuesday added, "the trend toward a constitutional order is established."

The United States halted arms assistance to Greece after the April 1967 military coup there and critics of the regime — including some U.S. congressmen and Europeans, particularly in Scandinavia — have contended renewing fullscale deliveries would reward an oppressive government.

A Greek refugee spokesman here, Elias P. Demetrapoulos, condemned Nixon's decision today as in effect giving "official U.S. government approval to the Athens military dictatorship."

The U.S. heavy weapons now earmarked for Greece will cost U.S. taxpayers an estimated \$56 million, with deliveries to run over the next 18-24 months.

Market Scores Sharp Increase

NEW YORK (AP) — The stock market scored a sharp gain in heavy trading today that erased part of the losses of the two previous sessions.

By noon the Dow Jones average of 30 industrials had bounded ahead 7.46 points to 754.93, the high for the session so far. Winning issues on the New York Stock Exchange led losers by 2 1/2 to 1. Trading was so brisk the Big Board's tape ran a minute behind in the late morning.

As it was in the past two sessions, the Middle East crisis continued to be the factor exerting the most influence on the market, according to analysts.

Investor anxiety over the apparently deteriorating Middle East military situation, they said, was the main cause of the market's slippage Monday and Tuesday, when the Dow industrial average lost a total of 11 points.

Today, however, analysts said some investors appeared to be reassured over developments in the area.

The bases for optimism, analysts said, were news reports that Syrian troops were said to be withdrawing in Jordan and that the both the United States and the Soviet Union were said to be following diplomatic paths in the situation.

The Associated Press 60-stock average advanced 1.5 to 252.9. Industrials were up 2.6, rails up .8 and utilities, up .2.

Woods Products Market Stable

State foresters in the Upper Peninsula report timber receipts for August in the amount of \$39,679 from 362 active timber permits. Foresters issued 22 new permits during the month that involved 865 acres of land with an estimated stumpage value of \$6,483.

Reports from District III (Escanaba) indicate the market for woods products remains about the same as it has been for the past several months. The shortage of labor and railroad cars keeps production down, especially for peeled aspen where the demand continues good. The market for hardwood logs remains poor.

as a panel member and moderator and introduced the other members of the panel: Mrs. Perkins, safety chairman at Lemmer School; Leo Alperovitz, member of the city planning commission; Frederick, chief of police; Dulek, city engineer; Robert Crepeau, member of the city safety committee; Kenneth West, member of the Escanaba Area Board of Education; and Aronson, teacher at the Lemmer School.

Dieckrich, school principal, explained the problem by indicating on a map of the Lemmer attendance area how roads from the east, north and south converge into a "T" directly in front of the main entrance to the school at the intersection of S. 20th St. and 7th Ave. S. He said the increased enrollment, now about 550 students, an enlarged attendance area and inclement weather all contribute to the traffic problem.

Suggestions Made
Panel members and persons in the audience discussed the problem and a number of suggestions were made. They included:

1. Building two roads — completing 6th Ave. to Lincoln Rd., and 21st St. to 7th Ave.;
2. Single dismissal time;
3. Education of parents and students to traffic laws;
4. Busing of students;
5. Temporary parent crossing guards; and
6. Better police enforcement of traffic and parking regulations.

Many parents and teachers said immediate action should be taken and volunteered their services as crossing guards until a more definite program can be developed.

Mrs. Robert Mosenfelder presided at a short business meeting of the PTA before the safety discussion. The Lemmer staff and PTA officers and committee members were introduced.

Newspapers May Print Manifesto To Free American

MONTEVIDEO, Uruguay — (AP) — The news media in Montevideo are considering disseminating an antigovernment manifesto in an effort to gain the release of the American agronomist kidnapped Aug. 7 by Tupamaro guerrillas.

The guerrillas said in a note to the news media last week that they would release Claude L. Fly of Fort Collins, Colo., a soil specialist employed by the Uruguayan government, if the government published the manifesto. The government said Tuesday that it would not.

The owners of Montevideo's newspapers and radio and television stations met privately Tuesday night to discuss publishing and broadcasting the 1,200-word manifesto on their own. No decision was announced.

Refusing Draft Of Youths Seen Making Point

STURGEON BAY, Wis. (AP) — Door County's Selective Service Board No. 16, ending its month-long refusal to order any men for induction into the armed services, thinks it has made its point.

Fred Brunswick, board chairman in this quiet corner of Door Peninsula in Lake Michigan, led the protest against what the board felt was a lack of action against draftees who refused to go.

Brunswick, 46, and an ambulance driver, said he feels the board's action played a role in spurring legal action against two local youths accused in draft cases.

The board's action, revealed Aug. 10, proved to be more symbolic than anticipated. No notices for induction were sent out for September but three delayed inductions from June filled the board's quota for this month.

Farr Puts Sting In Election Talk

ANN ARBOR (AP) — William Farr, Republican candidate for attorney general, has charged Atty. Gen. Frank Kelley, a Democratic incumbent seeking reelection with "lack of leadership."

"Mr. Kelley is more intent on expanding his political image than serving the public," Farr said during a talk in Ann Arbor Tuesday.

"During my campaign throughout the state," Farr contended, "people have come to me and cited examples where Kelley has failed them. The real Frank Kelley is nowhere when people need him; he only appears at election time and tries to persuade the voter that he is taking an active role in protecting voter interests."

Marines Leave S. Viet Base

DA NANG (AP) — The headquarters of a five-year-old U.S. Marine pacification group in South Vietnam's five northernmost provinces was formally deactivated in a brief ceremony today.

"I regret very much they are going," said South Vietnam's military commander in the area, Lt. Gen. Hoang Xuan Lam.

One of four Combined Action Force pacification groups, whose men live and fight around the hamlets they defend, will remain in the area. It will be based at Hoi Am, 15 miles south of Da Nang.

The U.S. Command announced Saturday the CAP team headquarters in Da Nang was being deactivated and that three of the four groups controlled by the headquarters had been disbanded.

It said the reduction—under way for the past three months and involving about 1,325 men—was part of President Nixon's fourth round cutback of 50,000 U.S. troops from Vietnam by Oct. 15.

At peak strength, 114 CAP teams were operating last year in all of South Vietnam's five northernmost provinces. Marine sources said Wednesday that number now has been scaled down to fewer than 40.

Lt. Gen. Keith B. McCutcheon, commander of the 3rd Marine Amphibious Force, called the CAP teams the corps' "most significant contribution to tactics and techniques in fighting" the enemy.

He said not one hamlet in which the teams have operated since 1965 has reverted to Viet Cong control.

Paul Burnette Joins Staff Of Hiawatha Forest

A new member of the Hiawatha National Forest staff is Paul Burnette, a landscape architect, who will work on recreation development planning and other phases of forest resource planning in the National Forest's office located in Escanaba.

"The addition of Burnette to our staff increases our ability to protect and enhance environmental quality through resource management," said Al Trout, Forest Supervisor.

Prior to his assignment here, Paul held positions on the Chequamegon National Forest in Park Falls, Wis., and on the Allegheny National Forest in Warren, Pa. He is a native of South Dakota and obtained his B.L.A. Degree from Utah State in 1968.

Paul, his wife Patricia and young son, Brian will make their home at 1605 Wisconsin Ave., Gladstone.

Briefly Told

Immunization Clinic has been scheduled for Thursday from 2 to 4 p.m. at the Delta County Building.

Ford River Camp Fire Girls will meet after school Thursday at the Ford River Hall. National dues are due at this time.

Soo Hiltoppers 4-H Club will meet at the Soo Hill School on Thursday at 7 p.m. All boys and girls, nine years of age and over, are invited to attend this meeting.

A meeting of the Delta County Overall Economic Development Committee will be held at 7 p.m. Thursday, Sept. 24, in the courthouse at Escanaba, it is announced by Gene V. Kee, chairman. Recreation project development will be discussed.

The Escanaba Public Library announces a picture exchange under the auspices of the Mid-Peninsula Library Federation. Through this service, the library now has available, for a monthly fee of 50 cents, a new selection of framed art reproductions of famous paintings.

Danny C. Ritter, 621 S. 20th St., a supervisor of motor carriers for the Michigan Public Service Commission, has been elected alternate regional director of the Michigan State Employees Association. Ritter, a state employee for 11 years, will represent state employees in MSEA Region I, which covers the eastern portion of the Upper Peninsula.

District Court

Steven C. Larsen, 18, Old State Road, pleaded guilty to a charge of being a minor in possession of alcoholic beverages and paid a \$15 fine and \$9 costs.

David Buckner, Barnardsville, N. C., pleaded guilty to unlawfully transporting a loaded firearm in a motor vehicle and paid a \$15 fine and \$16 costs.

More People get more news from newspapers than all other sources combined.

Jon R. Krohmer

Krohmer Heads Delta Chapter Order Of DeMolay

Jon R. Krohmer, 17, son of Mr. and Mrs. Robert Krohmer, of 208 S. 4th St., Escanaba, was installed as Master Counselor of Delta Chapter, Order of DeMolay in ceremonies held recently at the Escanaba Masonic Temple.

The youth, a senior at Escanaba Area Public High School, is active in band, Orange and Black, National Honor Society, student council president, and tennis team, and is a member of Central United Methodist Church.

He has been a member of Delta Chapter three years and has been awarded the Representative DeMolay award and has successfully completed the Leadership Correspondence Course. He will serve as head of the chapter for six months.

Other officers installed were William Buchmiller, Senior Counselor; Louis Wery, Junior Counselor.

Distinguished guests present for the installation included Dad Jack H. Myers, executive officer of the State of Michigan, who presented the Flower Talk; Dad Dennis R. Williamson, executive secretary of the Michigan DeMolay Foundation and Brother Richard C. Anderson, immediate past deputy state master counselor, who served as installing officer.

Dad Williamson presented to Krohmer the R. D. Award, highest award a DeMolay can earn.

Home-Based Police Cars Aid Program

INDIANAPOLIS (AP) — A year's experiment in permitting patrolmen to keep their patrol cars at home has been called "an unqualified success."

Traffic accidents and deaths have declined, felony arrests have increased and the policemen are happy.

Raymond Stratton, deputy chief for operations of Indianapolis' police force, also is pleased with a plan putting policemen in patrol cars, now in its second year.

Stratton says about 470 patrol cars, including four driven by women, are used as private cars when the patrolmen are off duty.

"They keep their police radios on whenever they use their cars," he said. "Over the year, off-duty patrolmen made 100 felony arrests. I think at least 50 of them would not have been made if off-duty men hadn't answered calls."

"In the 12 months up to the time the program started, there were 9,919 traffic accidents and 52 traffic deaths in Indianapolis. In the succeeding 12 months, accidents have dropped 14 percent to 8,561 and deaths have fallen 23 percent to 40."

Stratton said the patrolmen take a lot more pride in a car they use all the time than in one they draw from a car pool.

One of the patrolwomen, Penny L. Davis, said she thought her parked car kept traffic moving at sensible speeds in her neighborhood. She and the other women drivers specialize in nonviolent calls, such as births in unexpected places, dog bites and stolen car identifications.

The policemen figure the arrangement saves them about \$1,000 a year they would spend on private cars.

Most officers say their neighbors are delighted to have a police car around in plain sight.

Indianapolis police have received requests from almost 50 other cities for information on how the take-home plan is working. Los Angeles has installed it on a limited basis for special duty police.

'Lost Man' Hunt Set For Scouts

The Fall Camporee at Camp Cooks will send district Boy Scouts on a "Lost Man" hunt this year.

The camporee will be held Friday, Saturday and Sunday with more than 300 boys expected to participate.

The "Lost Man" hunt has been planned as a functional operation to be used in case of an actual emergency, explained Mike Furstenberg, district scout executive, and Jack VanBroeklin, camporee chairman.

Area scouts hope to gain knowledge and proficiency in

saving persons lost or injured in the woods. As hunting season already is open, the probability of using such a plan increases, officials said.

The camporee is an annual event held at various places in the district and it gives scouts an opportunity to compete in events such as first aid, cooking and other camping education activities. This year's featured event will not be so much competition, but will give scouts an opportunity to work together as an action unit.

Another activity planned is a scavenger hunt "to find some of Mother Nature's treasures." Scouts also will try to make a fire "Paul Bunyan" style, using the friction method but with a cedar pole, ropes and a heavy plank.

Officials said anyone interested in visiting the camporee will be welcome. For information contact VanBroeklin, 428-5111, or Furstenberg, 428-9572.

Gore In Agnew Target Sights

MEMPHIS, Tenn. (AP) — Vice President Spiro T. Agnew has told Tennessee voters they should elect a Republican to replace Sen. Albert Gore, who "is important only to the radical liberal wing of the Democratic party."

Gore is a prime target in the GOP drive to win control of the Senate, and party leaders believe the Republican nominee, Rep. William Brock, has a good chance to defeat him in November.

Agnew asserted Tuesday night Gore had proposed vast federal spending programs, had a record of votes against administration policy in the Vietnam war and was a leader in the Senate's rejection of Supreme Court nominees Clement F. Haynsworth Jr. and G. Harrold Carswell.

Addressing 10,000 cheering Republicans at a chicken dinner, Agnew asserted:

"That crowd in the Senate which talks so much about ending discrimination committed against the South. They went over to the Supreme Court and nailed a shingle to the door, 'No Southerners need apply.'"

Agnew said Gore had received \$60,000 from a campaign fundraising effort by Sen. George S. McGovern, D-S.D., and Senate associates among "a select group of radical - liberal friends."

North Vietnamese Blamed For 148 Civilian Deaths

SAIGON (AP) — The Foreign Ministry has told the International Control Commission that the North Vietnamese killed 148 civilians last month in numerous acts of terrorism and sabotage.

The protest made public today also claimed 471 persons were wounded and 164 kidnaped by saboteurs during August.

House OK's Bill On 'Sleeping Bear'

WASHINGTON (AP) — The House passed Tuesday and sent to the Senate a bill to establish the Sleeping Bear Dunes National Lakeshore in western Michigan.

The cost of land acquisition was estimated at \$19.8 million while costs of development were estimated at \$18,768,000.

This is the first time the House has had before it the once highly controversial legislation. The Senate must act again, however, before the bill is finally approved.

Eskymos Top List

Area Grid Teams Get High Rating In Football Poll

A fairly good indication of how the football teams in the Escanaba area are regarded around the rest of the Upper Peninsula was revealed in this week's high school football poll of sportswriters in the U. P.

All 11 member papers and association secretary Gene Maki of Wakefield voted in this week's poll, compared to the six votes that were cast in last week's poll.

The Escanaba Eskymos remained on top for the second week in a row, collecting five of the 12 first place votes cast. Four of the other seven top votes went to the Holy Name Crusaders, while the Gladstone Braves and Wakefield Cardinals got one and two respectively.

Dominating Figure

After having an off year last season when they finished with a 6-3 record, the Eskymos once again loom as the dominating figure on the U. P. gridiron scene. They have won all three of their starts this season, out-

scoring their opponents by a 94-19 margin. Their latest triumph was a 62-6 shellacking of Sault Ste. Marie Friday night.

Holy Name trails the Eskymos by just six points in total votes and the Crusaders also appear to be headed for a fine season after finishing with a 4-4-1 record last year.

Like the Eskymos, the Crusaders have finished on the top end of the score against all three of their opponents this season, the latest victory being posted over the Menominee Maroons, last year's No. 1 team in the Upper Peninsula, 20-0.

Surprise Team

A real surprise this season has been the Gladstone Braves, who like the Eskymos and the Crusaders have won all of their starts, but who have not yet allowed a point to be scored against them. The Braves have notched 32-0, 42-0 and 22-0 victories this year.

Wakefield became the first 11-man football team in the Upper Peninsula to score over 100 points this season when it posted a 58-6 victory over Bessemer Saturday. The Cardinals have now scored 104 points in their three triumphs, while giving up just 12.

Rounding out the Top 10 this week are L'Anse, West Iron County, Marquette, Crystal Falls, Kingsford and Iron Mountain.

Other teams receiving votes this week were DeTour, Negaunee, Norway, Engadine, Pickford, Munising, Ironwood, Ishpeming and Calumet.

This week's standings:

Team	Pts.
1. Escanaba (5)	111
2. Holy Name (4)	105
3. Gladstone (1)	90
4. Wakefield (2)	88
5. L'Anse	73
6. West Iron County	39
7. Marquette	33
8. Crystal Falls	33
9. Kingsford	27
10. Iron Mountain	16

Billy Martin To Take Reins Of Tiger Club?

DETROIT (AP)—Billy Martin, five-time World Series second baseman for the New York Yankees, will replace Mayo Smith as manager of the Detroit Tigers, it was reported today.

Watson Spoelstra, sports writer for the Detroit News, said Martin would be hired Oct. 2, the day after the American League regular season ends.

In a copyrighted story in the News today, Spoelstra quoted Martin as saying he has talked with the Tigers about managing next season.

"There's no way I can divulge anything," said Martin, who worked as a Minneapolis radio sportscaster this summer. "I've been talking to a few other clubs too."

Jim Campbell, Detroit general manager, declined comment, declaring: "I'm not saying a thing about our managing job, one way or the other, until the season's over."

Martin, 42, who played one year with the Tigers in 1958, was fired as manager of the Minnesota Twins after he guided them to the 1969 Western Division championship. The Twins had been a seventh place club when Martin took over. The Minnesota management said Martin failed to communicate with the owner and sometimes mishandled the pitching.

Michigan Tackle Back In Action

ANN ARBOR, Mich. (AP)—Michigan offensive tackle Jack Harrington, who suffered a slight shoulder separation during Saturday's 20-9 win over Arizona, practiced at full speed Tuesday with his shoulder strapped down. He is expected to be ready for Saturday's game against Washington in Seattle.

Coach Bo Schemm, who said he was disappointed with the Wolverines' offense after their opening game, said the team had a "good offensive workout" Tuesday.

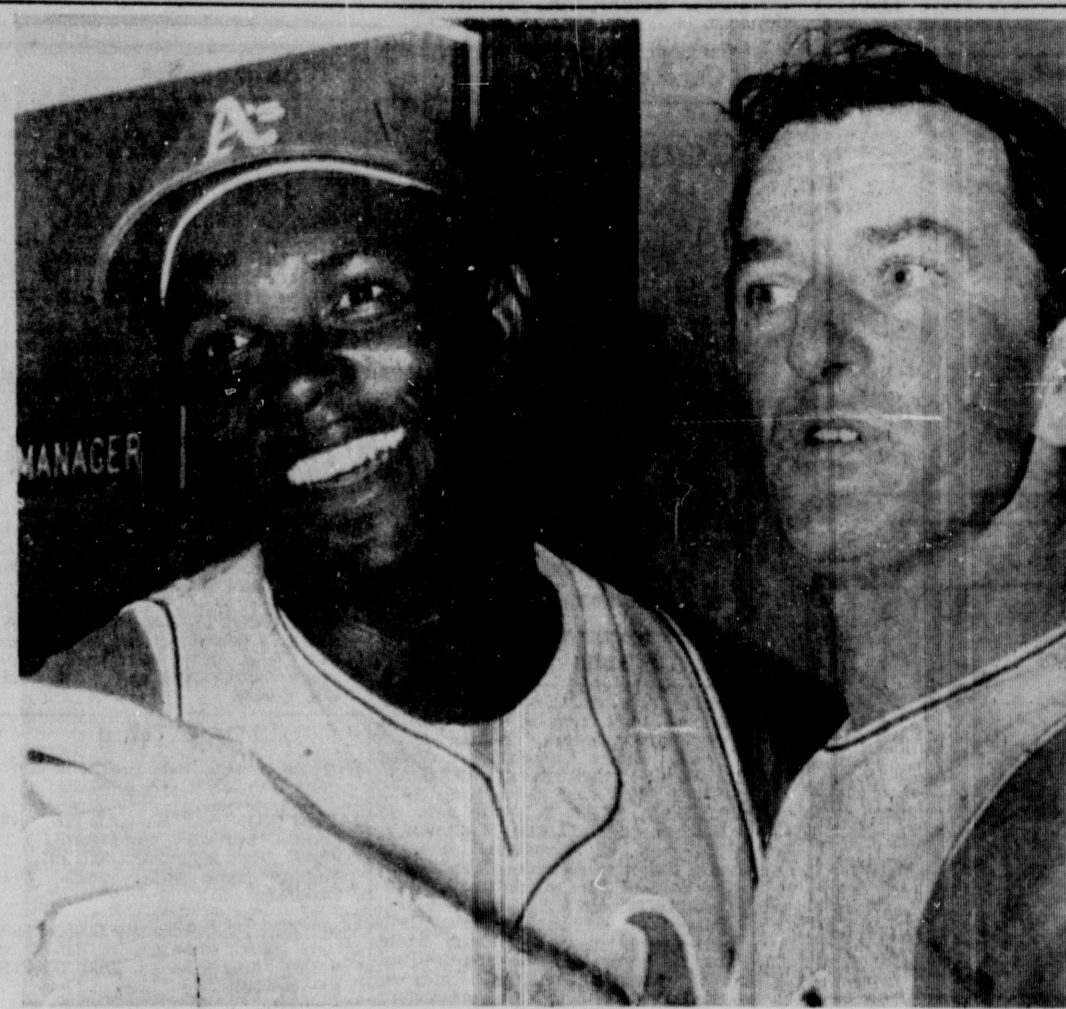

The Wolverines practiced for two hours, working on all aspects of their offensive and defensive game. Another drill was scheduled for Wednesday, with the practice sessions tapering off Thursday before the team leaves for Seattle Friday morning.

HAPPY FELLOWS — Oakland A's manager Johnny McNamara had a meeting in his office with rookie left-hander Vida Blue immediately after the latter had pitched a no-hit, no-run game against the Minnesota Twins Monday night. The no-hitter spoiled the Twins' chances to lock up first place in the Western Division of the American League, but they clinched the title Tuesday night with a victory over the A's. (AP Wirephoto)

Twins Snare League Flag By Dumping Oakland, 5-3

By The Associated Press

Tony Oliva quickly ended any no-hit thoughts by Oakland and Jim Holt put the finishing touch to the A's as the Minnesota Twins wrapped up their second successive American League West title.

The Twins, denied clinching the West race Monday night when rookie left-hander Vida Blue of the A's tossed a no-hitter, didn't waste any time Tuesday night.

After a leadoff walk, Oliva drilled his 23rd home run for a 2-0 Minnesota edge in the first inning and Holt drove in two more in the sixth inning with a bases-loaded single as the Twins

swept to a 5-3 victory over runner-up Oakland. The Twins hold an 8½-game edge with only eight games to play.

Minnesota will open the best-of-5 playoff series at home against East champion Baltimore on Oct. 3.

In other AL action, the Orioles took their 100th victory of the campaign, trouncing Detroit 10-2. Milwaukee trimmed California 4-2. Boston slugged Cleveland 8-2 and Kansas City swept a pair from Chicago 2-1, 6-2.

In the National League, New York edged Philadelphia 7-6. Montreal and Pittsburgh split a doubleheader, the Expos taking the first 1-0 before dropping the nightcap 3-1. Atlanta shaded San Diego 3-2. Cincinnati topped

Houston 6-5. Los Angeles blanked San Francisco 1-0 and Chicago at St. Louis was postponed by rain.

Oliva, who also singled and doubled, helped build another run in the seventh, stroking a two-out double, stealing third and coming in on Rich Reese's hit. Winner Jim Kaat, 13-10, went five innings, allowing one run and six hits. Chuck Dobson, 16-14, took the loss.

Jerry Kenney capped a two-run New York fifth inning with a run-scoring single, giving the Yanks their fifth triumph in a row. It was Washington's fifth consecutive loss.

Tommy Harper's 30th homer, a two-run shot in the seventh, carried the Brewers to their victory over the Angels. Harper became the fifth major league player to hit at least 30 homers and steal more than 30 bases in a season.

Tony Conigliaro and Rico Petrocelli ripped two-run homers for the sizzling Red Sox, who captured their seventh straight in knocking out 20-game winner Sam McDowell of the Indians. It was No. 33 for Conigliaro and 29 for Petrocelli.

Al Fitzmorris, 8-5, scattered eight hits and capped a three-run Royals' fifth with a run-scoring single in the nightcap of their sweep over Chicago. Lou Piniella cracked a sixth inning RBI single in the opening game triumph. Ed Kirkpatrick added a homer for the winners. Rich McKinney had a two-run shot in the nightcap for the Sox.

Ivan Plude, Menominee's outstanding distance runner, won first place in the event, running the 2.2 mile course in 11:06. The Maroons also had a second place, fourth, fifth and sixth for their total of 18 points.

Maurice Simons was the top Eskymo runner in the meet, finishing in third place. Others placing were Steve Gage, eighth; Dave Ries, tenth; Mike Livermore, eleventh; and Dave Wellman, twelfth.

Marty Anderson and Mike McCluskey also ran in the meet for the Eskymos, but their places were not used in the point totals.

Others placing for the Maroons were Bryon Francour, second; Bob Pleshak, fourth; Jeff Roberts, fifth; and Mike Berras, sixth.

Injuries Take Two Spartans

EAST LANSING (AP)—Michigan State apparently suffered more than just a 42-16 score-board beating from the University of Washington Huskies last Saturday. The Spartans learned Tuesday that injuries have sidelined two players for the rest of the season.

The players are All Big 10 tackle Ron Curl, who suffered a broken arm, and guard Bill Dawson, who underwent surgery on knee ligaments and will be out for the year.

Coach Duffy Daugherty said he is concentrating on finding ways to beef up the Spartan offensive line, adding that it was much too slow in the Washington game.

Daugherty said tight end Billy Joe Dupree and defensive tackle Wilt Martin have been elected co-captains for the week. The Spartans have decided to name different captains each week instead of following the usual practice of choosing them for the entire season.

Maroons Upend Esky Harriers

MARINETTE — The Menominee Maroons took an 18-44 victory over the Escanaba Eskymos in a dual cross country meet held Tuesday on the Marinette Cross Country Course.

Ivan Plude, Menominee's outstanding distance runner, won first place in the event, running the 2.2 mile course in 11:06. The Maroons also had a second place, fourth, fifth and sixth for their total of 18 points.

Maurice Simons was the top Eskymo runner in the meet, finishing in third place. Others placing were Steve Gage, eighth; Dave Ries, tenth; Mike Livermore, eleventh; and Dave Wellman, twelfth.

Marty Anderson and Mike McCluskey also ran in the meet for the Eskymos, but their places were not used in the point totals.

Others placing for the Maroons were Bryon Francour, second; Bob Pleshak, fourth; Jeff Roberts, fifth; and Mike Berras, sixth.

Intrepid Triumphs Again In America's Cup Series

NEWPORT, R.I. (AP)—The third America's Cup race avoided the hospitals and floating mines Tuesday but left Australia's Gretel II out near the end of the plank.

America's defender Intrepid has to win only one more race to keep the old trophy here after edging Gretel II to take a 3-0 lead in the best-of-7 series.

The first two races both had protests and the second saw a crewman rushed ashore with a bee sting as well as an itinerant buoy first believed to have been a drifting mine.

Tuesday's race however was close but unprotested and undramatic. Intrepid, with Gretel II doggedly trailing astern like a dinghy in tow, crossed the finish line one minute, 18 seconds ahead. Then both boats signalled for a day off, so the next race is set for Thursday.

For the first four of the six legs of the 24.3 mile course the two yachts seemed as if glued together by an invisible bond so evenly did they sail.

Intrepid led by 46 seconds at the first mark, the same at the second and could add only 10 more seconds at the end of the third after two reaching legs.

Gretel, with Jim Hardy steering, took three seconds back on the fourth leg.

But then came what Gretel II's navigator Bill Fesq conceded was a tactical error. When Intrepid jibed downwind on the fifth leg and sharpened up for greater speed, Gretel II did not immediately follow.

David Forbes, replacing Hardy on the run, had slowly been closing Intrepid. Had the Australians promptly followed Intrepid's maneuver Fesq estimated they would have turned the fifth mark about 30 seconds behind instead of the one minute, 16 seconds that they were.

Bill Ficker then sailed flawlessly for victory into a south westerly that had stiffened from about 12 knots at the start to almost 20.

Ficker said later he thought Intrepid, a heavier boat, bid better in a blow.

The race Gretel II did win—only to be disqualified by the New York Yacht Club Race committee later as the result of a starting collision—was entirely in light air.

Ficker said after Tuesday's race he wanted to stay as far away as possible from Martin

Agee's Hit Keeps Mets Alive In Race

By The Associated Press

A seeing eye-single that weaved its way through Philadelphia's pulled-in infield, has the New York Mets thinking pleasant thoughts again about the final 10 days of the National League East race.

Tommie Agee delivered the ninth inning hit for two runs and a 7-6 victory over Philadelphia Tuesday night that pulled the Mets back within three games of Pittsburgh and left them one behind second place Chicago.

The Pirates protected their edge by coming back to knock off Montreal 3-1 in the second game of a two-night doubleheader after being shut out 1-0 in the opener by Bill Stoneman.

Chicago was rained out at St. Louis.

In other National League games Tuesday, Atlanta trimmed San Diego 3-2. Cincinnati clipped Houston 6-5 and Los Angeles nipped San Francisco 1-0.

Load Bases

The Mets were on the short end of a 6-5 count after Tony Taylor had tripled three runs home and then scored on a sacrifice fly in the bottom of the eighth for Philadelphia. But New York loaded the bases with none out in the ninth.

After reliever Dick Selma fanned Ron Swoboda on three pitches, Agee poked a squibbler that just made it into right field for two runs and the victory.

"The ball was inside," said Agee. "I was trying to hold up." It's a good thing he didn't succeed or else the Mets might not have succeeded. A loss to the Phillies would have shoved New York four games back with eight games to play and just about ended their flickering hopes.

Hodges Hopes

Still, three behind with eight left isn't the most comforting spot in the world. But Manager Gil Hodges still hopes. "Time never runs out," said Hodges, "until it runs out mathematically."

The Pirates took a step in that direction by taking the second game of their doubleheader from the Expos after dropping the opener.

Stoneman, 6-15, stranded 11

Pirates in the first game and started Montreal's winning rally with a leadoff single in the sixth inning. Rusty Staub's triple chased the run home.

In the nightcap, Bob Veale, making his first start in 15 days, nailed down his 10th victory of the season with relief help from Joe Gibbon.

Pittsburgh, locked in a 1-1 tie in the fifth, loaded the bases

Cubs Obtain Hoyt Wilhelm

ATLANTA, Ga.—The Chicago Cubs, a contender in the tight National League East race, picked up knuckleballer Hoyt Wilhelm from the Atlanta Braves on waivers Tuesday amid speculation that the Braves have a better deal in mind after the season ends.

The Atlanta Journal predicted that the Braves may get Cubs' shortstop Don Kessinger, but neither the Braves nor the Cubs will make any comment.

The Cubs, two games behind the Pittsburgh Pirate with less than two weeks to go, obviously wanted Wilhelm as bullpen insurance for their stretch drive.

The Braves got Wilhelm, a 47-year old right-hander who has pitched in more major league games (1,039) than anyone else, from the California Angels at the tail end of last season for the same purpose. Wilhelm posted two wins and four saves in eight appearances to help the Braves win the 1969 Western Division crown.

Wilhelm posted a 6-4 record with the Braves this year and had a 3.11 earned run average. He made 50 appearances on the mound for the Braves.

Wilhelm's major league experience includes stints with the New York Giants, the St. Louis Cardinals, the Cleveland Indians, the Baltimore Orioles, the Chicago White Sox and the Braves.

Sixkiller Gets Top Back Honor

By The Associated Press

It's obvious why his University of Washington teammates call Sonny Sixkiller "Slayer of Half-Dozen." And right now his score is one down and five to go.

The full-blooded Cherokee Indian quarterback made his varsity debut one to remember Saturday as the Huskies trounced Michigan State 42-16. He completed 16 of 35 passes for 276 yards and three touchdowns and his 313 yards of total offense erased the school record set by Don Heinrich in 1950.

It was a scintillating performance and it earned Sixkiller College Back of the Week honors from The Associated Press.

"I'm really surprised I'm getting all this attention," said Sixkiller. "I guess those statistics were worth some notice, but I didn't think it would mean this much."

The 6-foot (what else?), 171-pound sophomore, who wears uniform No. 6 (what else?), thinks of himself as a quarterback rather than an Indian and is getting a little tired of the Indian references. He knows his

great-grandfather was a Cherokee chief but doesn't know much more about his ancestry—his father works in an Ashland, Ore., lumber mill—and doesn't know the derivation of his name.

Sixkiller was born in Tahlequah, Okla., but his family moved to Ashland when he was very young. He stepped into the varsity-alumni spring game when Gene Willis and Greg Collins were hurt and won the No. 1 job by completing 24 of 50 passes for 389 yards.

Ironically, Willis recommended Sixkiller to the Washington coaches—they went to the same high school—after Oregon and Oregon State turned him down as being too small. Accustomed to a traditional ground attack, Washington fans must have been shocked when Sixkiller passed for 12 yards on the first offensive play against Michigan State. "I told him to pass on the first play," said Coach Jim Owens, "and when they intercepted him I told him to keep throwing."

Sixkiller, for one, isn't surprised that Washington won its opener after a 1-9 record a year ago. "A 1-9 record is bound to make anyone get up, it's bound to put life in you," he said. "I was confident we'd beat Michigan State. We have a winning attitude now and after we beat Michigan this Saturday it'll be that much better."

Summer flounders probably average two to five pounds. While no official sport records are kept, the species is reported to grow as big as 30 pounds.

with none out on Dave Cash's double, a hit batsman and Veale's bunt single. Matty Alou beat out an infield hit for one run and Richie Hebner's sacrifice fly scored another.

Gibbon came out of the bullpen in the seventh inning and struck out Staub, leaving two Expos stranded. Then he sailed through the eighth and ninth to preserve the victory.

The Pirates, with a two-game edge over Chicago and three over the Mets, have eight games remaining, the same number as New York. The Cubs have 10 to play.

The survivor of the hectic NL East race advances to the playoffs against West Division champion Cincinnati. The Reds, warming up for that showdown, exploded for six runs in the eighth inning to overtake Houston. Tommy Helms' bases-loaded single capped the rally which included five walks, two of them with the bases loaded.

200 Hits

Joe Morgan and Bob Watson homered for the Astros while Pete Rose's sixth inning single enabled the Reds' sparkplug to reach the 200-hit mark for the fifth time in eight seasons.

Atlanta pushed across a run in the bottom of the ninth on Mike Lum's bases-loaded single to edge San Diego. The Padres had tied the score in the top of the ninth on Chris Cannizzaro's sacrifice fly.

Los Angeles used Alan Foster's three-hitter to edge San Francisco and regain second place in the West Division. Foster, who retired the last 14 Giants in order, drew a bases-loaded walk to force in the only run of the game.

Has Beens Win Highland Title

The Has Beens held off a stiff challenge from the Big Stickers Tuesday and captured first place in the Highland Golf Club's men's Twilight League race.

Going into Tuesday's play, the Has Beens held a one-point lead over the Big Stickers. The two teams squared off Tuesday and the Has Beens took seven of a possible 12 points to clinch the title.

Members of the winning team are Vial Smith, Ron Koth, Bill Severinsen, Dave Mason, Bill Denton and Don Pearson.

Ward Steimert topped all golfers with a 34, while Jerry Martin had a 37. Jack Smith 38, Vial Smith 39, Jim Schultz 39, Bob Olson, 39, John Kelly 40, Carl Heymen 40, Earl Koch 40, Carl Hendrickson 40, Joe Hebert 40 and Con Pratt 40.

Golf ball winners were George Walter, Ward Steimert, Jack Smith, Ben Zagodzinski, Carlo Olsen, Earl Koch and Leo Knau.

Final team standings: Has Beens 11½, Big Stickers 10½, Wertz's Watusis 10½, Pussys 10½, Mor-Stokes 10½, Clippers 10½, Boguey Men 9½, Holers 9½, Doug's Dubbers 9½, Fairway Kings 9½, Con's Clubbers 9½, Ding-A-Lings 9½, Divot Diggers 9½, W. R.'s 8½, Barney's Beavers 8½, Pinky's Putters 8½, Dave's Demons 8½, The Martonies 7½, Smit's Smackers 7½ and Jerry's Jets 7½.

Awards Night will be held next Tuesday at the Highland, preceded by a special golf event that will be announced later.

A LETTER TO DARLENE
Do you sometimes think about us? We wonder how you are. Do you realize how long it is? That you are gone so long?
Your room, each night, so dark. No music from within.
The lonely, quiet, stillness;
Makes life so very grim.
I gently close the door;
So that I cannot see.
But, perhaps, you've returned;
I open it, desperately.
So silent, and so still;
The phone hangs on the wall.
The mailbox is empty.
You do not write or call.
Has some harm come to you?
Are you happy and still well?
Does the sun shine much brighter?
Sweet music your fortune tell?
Your friends and family waiting;
With constant tears and fears.
Would you return home again?
We'll welcome you with cheers!
